Bachelor of Science in Supply Chain Management

Today’s global marketplace and competitive business environment demand that corporations expertly match supply for their products with customer demand. Online companies and brick-and-mortar retailers alike depend on supply chain professionals to maximize efficiency in each step of the production process. Results of successful supply chain management include increased profitability, seamless logistics and customer satisfaction.

Students who pursue a degree in supply chain management are strong problem solvers with a keen eye for detail. They identify vulnerabilities in operations and propose solutions to improve or to maintain efficiency. Through the supply chain management program, students learn to communicate solutions in terms that resonate with corporate executives, connecting the supply chain to a company’s overall viability.

Careers in Supply Chain Management
Graduates seek careers in entry-level management analyst positions in consultancy, operations, logistics and distribution, manufacturing, purchasing, sourcing, warehousing and other industrial sectors. They also are prepared for graduate study.

Jindal School students must complete an internship as a requirement for their major. The Jindal School’s fully staffed Career Management Center (CMC), working in tandem with the University’s Career Center, helps students prepare for and seek internships, as well as post-graduation employment. Both centers are staffed with licensed counselors who provide students with strategies for mastering job interviews, writing professional cover letters and resumes and connecting with campus recruiters, among other services.

Supply Chain Management at UT Dallas
A 120-hour curriculum leads to a degree in supply chain management. All undergraduate degrees require a core of 42 hours. In the core courses, students learn theories and analytical techniques that can be applied to the functional areas of business, such as supply chain operations.

Living Learning Community
The Naveen Jindal School of Management Living Learning Community is a special opportunity for incoming freshmen interested in pursuing a business degree. Living Learning Community students live together in on-campus housing, attend classes together and participate as a group in social activities.

For information, contact Associate Dean Marilyn Kaplan at mkaplan@utdallas.edu.
Management Honors Program
The Charles and Nancy Davidson Management Honors Program (DMHP) gives select undergraduate students the opportunity to enhance their experience in the Naveen Jindal School of Management. DMHP students receive opportunities to improve their leadership skills and work closely with UT Dallas professors.

DMHP program benefits include:

• Smaller class sizes
• Professional development events
• Community service events
• Scholarships
• Travel opportunities
• Honors notation on diploma

For more information visit jindal.utdallas.edu/dmhp or contact the office at honors@utdallas.edu or 972-883-5870.

Fast-Track Options in the Jindal School
All undergraduate degrees in the Naveen Jindal School of Management offer a fast-track option. These programs allow undergraduate students to earn up to 12 credit hours that can be applied toward a master’s degree. Students with qualifying grades embark on the fast-track option in their senior year of their undergrad program. Pursuing a fast-track BS/MS or BS/MBA requires careful course selection and academic dedication but opens up additional career opportunities for those students who complete the program.

Naveen Jindal School of Management
The largest of the eight schools at UT Dallas, the Naveen Jindal School of Management offers a full complement of programs at the undergraduate, graduate and executive levels. The Jindal School’s mission is to meet the challenges of a rapidly changing, technology-driven, global society by partnering with the business community to:

• Conduct knowledge-enhancing management research.
• Deliver high-quality management education to a diverse group of undergraduate and graduate students and practicing executives.
• Develop, innovate and continuously improve programs advancing management education and practice.

Rankings
• U.S. News & World Report ranks the school’s Full-Time MBA program No. 16 (tied) among public university programs and No. 38 (tied) overall.
• BusinessWeek and U.S. News & World Report rank the Naveen Jindal School of Management’s undergraduate programs among the nation’s top 100 programs.
