Doctor of Philosophy in Software Engineering

Curriculum
The PhD in Software Engineering program is tailored to the student. The student must arrange a course program with the guidance and approval of a faculty member chosen as his/her graduate advisor. Adjustments can be made as the student’s interests develop and a specific dissertation topic is chosen.

Career Options
Graduates of the program seek positions such as: Professor, Researcher, Consultant and Software Engineer in the public and private sector.

Degree Program
The PhD in Software Engineering requires 75 semester credit hours minimum beyond the baccalaureate degree.

For complete admission and degree requirements, view the Graduate Catalog at catalog.utdallas.edu.
