This reference guide will help campus users navigate through the most common method to reclassify transactions between accounts or cost centers. In most cases, the “Easy IDT” button embedded within the University’s Account Reconciliation Application (ARA) will be the most effective process for completing IDT’s. The IDT Procedure applies to all forms of IDT’s.

**Definition and Contents**

**Easy IDT** – available through the ARA pages and open for use for the current month and the preceding two months

**Standard IDT** – available for open fiscal years even if the Easy IDT time frame has passed

**IDT Approval** – guidance for the authorization of transfers for cost center owners/approvers

**Finding Submitted Journals** - inquire on the status of a journal
