

Final Four²= UT DALLAS

April 9, 2008

The Dallas Morning News

Bragging rights for the U.S. and Western Hemisphere chess titles remain with Dallas following the historic two-time win of the "Final Four" of chess in Baltimore on Sunday. Congratulations to our chess team—and all of our students and faculty—for sustaining excellence.

Championship performance in basketball or chess demands strategic thinking and a commitment to success. UT Dallas' Final Four champions won't go on to play for the NBA. But they'd be great at managing it.
