

The University of Texas at Dallas Chemical and Equipment Recall Policy

CHEMICAL AND EQUIPMENT RECALL

I. PURPOSE

To distribute information on chemical and equipment recalls as rapidly as possible to University personnel who may be affected.

II. ACTION

All manufacturer recalls will be sent to the Office of Environmental Health and Safety for action.

Upon receipt of a manufacturer recall, the Office of Environmental Health and Safety will notify all deans and program heads of possible affected areas.

Deans, program heads, and the Office of Environmental Health and Safety will seek to determine the locations of the recalled materials and the appropriate course of action.
