

Uploading a Syllabus

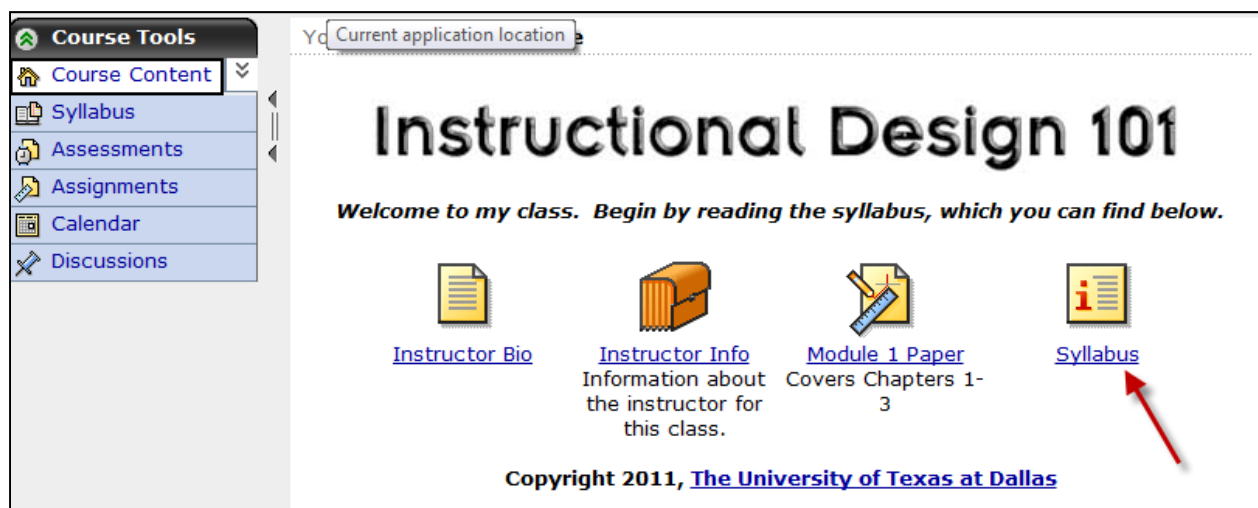

To upload a syllabus into eLearning, while in the Build tab, click on the **[Add Content Link]** button in the main content area. Choose **"Syllabus"**, then click the **[Select File]** button.

Click the "My Computer" button, then browse your computer to find your syllabus.

Your syllabus will now appear in your section. Notice that when you go to the Student View tab, you can now access the syllabus by clicking the link in the main content area or by clicking on the **Syllabus** button in the course menu.
