THE UNIVERSITY OF TEXAS AT DALLAS **50** YEARS ERIK JONSSON SCHOOL OF ENGINEERING AND COMPUTER SCIENCE

A LEGACY OF INDUSTRY

Originally founded as a research arm of Texas Instruments Inc., The University of Texas at Dallas has grown exponentially during its first 50 years. As the Jonsson School and University have expanded, our heritage remains rooted in industry.

The Jonsson School is located within the Telecom Corridor of Dallas-Fort Worth, headquarters to more than 600 tech companies. Our corporate-sponsored UDesign® teams are eight-time reigning champs in national design and capstone competitions. We are ranked 3rd among Texas public schools. Our graduates are leading the way at startups and Fortune 500 companies across the globe.

THE UNIVERSITY OF TEXAS AT DALLAS **50** YEARS ERIK JONSSON SCHOOL OF ENGINEERING AND COMPUTER SCIENCE

INVESTING IN INNOVATION, INVESTING IN PEOPLE

In just over a decade, the Jonsson School at UT Dallas has significantly invested in innovation. Our tenured and tenured-track faculty members – the number of whom has grown by more than 55% – are rewarded for their breakthroughs in research and in the classroom. Three major research facilities have been added including our award-winning Engineering and Computer Science West Building dedicated in fall 2019, as well as a one-of-a-kind wind tunnel and one of the largest design studios in the country that is a place for everyone to make, break, design, tear apart and build.

We're just getting started.

WE'RE HIRING

Now accepting applications to lead the Department of Mechanical Engineering, as well as tenured and tenured-track positions in biomedical engineering, computer science, electrical and computer engineering, materials science and engineering, mechanical engineering and systems engineering.
