302-710 Parking Structure Phase III

The University of Texas at Dallas

Executive Summary Report

Project Description

This project will consist of two separate elements: a replacement surface parking lot will be constructed to provide approximately 410 spaces superseding the 260 spaces eliminated from existing parking lots to make way for the Bioengineering and Sciences Buildings; and an approximately 750 space precast concrete parking garage will be constructed on the north side of campus at the intersection of Loop Road and Ruford Avenue. Additionally, a police substation, administrative offices, retail outlets and an information center are also planned.
