Updating Your Travel Profile

Before you use Concur's travel application for the first time, update your Travel profile. Even if you make no changes, you must **save** your profile before you can book a trip in Travel.

**NOTES:**

- Some companies have custom fields on this page. Check with your agency or Travel administrator if you need information on custom profile fields.
- Depending on your company's configuration, some of these options may not be available to you. Check with your Concur administrator.
- Depending on your company's configuration, this area in Profile may appear even if your company does not use Concur Travel.

Use the Travel profile options to set or change your personal Travel preferences and settings. They include:

- Approval email options
- Assistant or travel arranger
- Credit card
- Email options
- E-Receipts
- Language
- Password
- Personal preferences (name, address, emergency contact, credit card)
- Regional preferences (number format, date format, language)
- Register for Concur for Mobile
- Travel preferences (air, hotel, car rental, rail preferences)
- Travel vacation reassignment
- Other preferences and settings (default home page, calendar, emails, accessibility mode)

To access the profile information:

1. Click **Profile > Profile Settings**. The **Profile Options** page appears.
2. Select the desired option on the left side of the page.
Booking a Flight

Use the Flight tab to book a flight by itself or with car rental and/or hotel reservations. To book car and hotel reservations without a flight, use the Hotel and Car tabs.

NOTE: If your company is configured to use rail, then the Flight tab may show Air/Rail.

Access

You can access the Flight tab in these ways:

- On the Travel page: On the menu, click Travel.
- On the Concur home page: On the menu, click Home or the Concur logo (whichever applies).

The Flight tab is on the left side of the page.

Step 1: Use the Flight tab

To start the search:

3. Depending on your company’s configuration, you may be able to select a rule class. If so, select the appropriate rule class.
4. Select one of the following types of flight options:
   - Round Trip
   - One Way
   - Multi-Segment (if available)
5. In the Departure City and Arrival City fields, enter the cities for your travel. When you type in a city, airport name, or airport code, Concur will automatically search for a match.
   NOTE: Use the Find an airport and Select multiple airports links as needed.
6. Click in the Departure and Return date fields and select the appropriate dates from the calendar. Use the remaining fields in this section to define the desired time range.
7. Click the arrow to the right of the time window to see a graphical display of nonstop flights available for the routing and date you have selected. This allows you to adjust your search criteria, if necessary, to see/reserve nonstop flights.

NOTES:

- The graphical display is based on flight schedule data. It will not show any rail options, nor can it take refundability or class of service preferences into account.
- Each green bars represents 30 minutes of time. Hover the mouse pointer over a green bar to see all of the flights available for that time slot.
- If you change locations or dates, click refresh graph for more data.
8. If you need a car, click the **Pick-up/Drop-off car at airport** check box.
   - Depending on your company’s configuration, you may be able to automatically reserve a car, allowing you to bypass viewing the car search results. When you select this option, additional fields appear. Select a vendor and car type; the car is automatically added to your reservation.
   - If you need an off-airport car or have other special requests, you can skip this step and add a car later from your itinerary.

9. If you need a hotel, click the **Find a Hotel** check box. Additional fields appear.
   - Choose to search near an airport, near an address, near a company location, or near a reference point / zip code (a city or neighborhood).
   - If you are staying at more than one hotel during your trip or do not need a hotel for the entire length of your stay, you can skip this step and add a hotel later from your itinerary.

   **NOTE:** Before booking, canceling, or changing your hotel reservation, verify the hotel's cancellation policy. Hotel cancellation policies have recently become much stricter. Fees will likely apply.

10. Depending on your company’s configuration, you may be able to specify an airline. If so, the **Specify airline** check box appears.

    **NOTE:** Only one vendor can be searched at a time, and this will override the preferred airline searches normally done for all of the frequent flyer number carriers.

    If you click the **Specify airline** check box, a list of carriers appears:
    - The first (in yellow) will be their frequent flyer carriers.
    - The second (in a gray/khaki color) are the most requested airlines.
    - The remaining airlines are in alphabetical order.

11. To search only for refundable flights, click the **Refundable only air fares** check box.

12. Depending on your company’s configuration, you may be able to book for a companion. If so, select from the **Number of adults** list.

    **NOTE:** If a companion is selected, the payment screen provides the option to use the credit card from the companion’s profile.

13. Depending on your company’s configuration, you may be able to select the desired class of service.

14. For **Search flights by**, select either **Price** or **Schedule**. (Depending on your company’s configuration, you may not have these options or you may have an additional option: **Multi-Fare**.)

15. Click **Search**. The flight search results appear.
Step 2: Select a flight

On the flight search results page:
- If you selected **Price** on the previous page, then the **Shop by Fares** tab is initially active.
- If you selected **Schedule** on the previous page, then the **Shop by Schedule** tab is initially active.

(Click either Shop by Fares or Shop by Schedule - whichever applies - for the appropriate help information.)

Step 3: Select a rental car

Step 4: Select a hotel

If you requested a hotel on the Flight (or Air/Rail) tab, the hotel search results appear.

Depending on your company's configuration, you may be asked to select a credit card for payment. If so, select the card and click **Next**.

   Travelers given the option to change a flight will be able to select a different date or time for the trip but must stay on the same airline.

   **NOTE:** Changing a flight can result in fare changes. If this option is available to you, please make sure to check with your travel agency on fare differences.

   - Click **Cancel all Air**, if necessary.

3. In the car rental section:
   - Verify the information for accuracy.
   - Click **Cancel** or **Change** as necessary.
4. In the hotel section:

7. Click **Next**. The **Trip Booking Information** page appears.

**Step 7: Review the booking information**

2. Enter a trip description.

3. Enter any comments for the travel agent. Refer to your company policy for information regarding the use of the agent comments field.

   **NOTE:** *Be aware that making an entry in this field will likely generate an agency fee.*

4. Indicate if there is anyone else who should receive the initial confirmation email. Enter as many recipients as needed, separated by commas.
   - If you book the trip, you will automatically receive the email.
   - If you book as an arranger, you will receive the email as well.

5. Choose your preferred email format, either plain text or HTML. Some companies do not offer travelers this option and always send plain text email.

6. Depending on your company's configuration, you may be able to choose whether you would like to receive directions or maps to the hotel. This information will be part of the initial email from Concur.

7. Depending on your company's configuration, your company may require billing information. If so, make sure to complete this information if required.

   **NOTE:** Your company may offer its travelers the option to **Hold** a trip. Travel will always display the length of time this trip can be held on this page. *Pay close attention to the date and time displayed; if the trip is not submitted, approved, and ticketed by the date and time displayed, in most cases it will be automatically cancelled.*

8. Click **Next**. Concur displays your itinerary on the **Trip Confirmation** page. This itinerary will include any messages about ticketing policies.
Step 8: Purchase the ticket

1. Click Purchase Ticket to send your request to the travel agents. The Finished! screen shows your confirmation number and information to contact the travel agent.

Creating an Expense Report Based on a Completed Trip

If you use Concur Expense, from the Upcoming Trips tab, you can create an expense report based on a trip.

To create an expense report based on a completed trip:

1. On the **Upcoming Trips** tab, in the **Action** column for the completed trip, click **Expense**.
2. Review the expenses on the resulting expense report and update any expenses, as needed.

Note the following - The **Expense** link appears when the actual expense is incurred:

- For hotel and car segments, the expense is actually incurred at check-out or when the car is returned, so the **Expense** link will not appear until the trip is completed (the last date of the trip).

- For an air expense, when the **Expense** link appears depends on the company's configuration.
  - If the Expense configuration allows air to be expensed when it is paid for (generally well in advance of the actual trip), then the link appears once the air has been ticketed.
  - If the Expense configuration does not allow for pre-trip air reimbursement, then the link appears after the trip is completed (the last date of the trip).
