Extension of Work Authorization for Certain F-1 STEM Graduates
OPT (Optional Practical Training)

- Temporary employment that directly relates to a student’s major area of study.
- May be during academic program (“pre-completion OPT”) or after completion (post-completion OPT”).
- Up to 12 months of OPT at each educational level.
• STEM OPT (Science, Technology, Engineering, Mathematics)
  – Since 2008, students who completed a qualifying STEM degree have been eligible for a 17 month extension.
  – Beginning May 2016, STEM OPT extension period is extended to 24 months.
  – The 24 month extension, combined with the initial 12 months, allows certain STEM students up to 36 months of OPT.
- Implement a formal training program to augment the student’s academic learning through practical experience. Complete the Form I-983, Training Plan for STEM OPT students.

- Report material changes to the employment to the DSO (Designated School Official) within 5 business days.

- Provide an OPT opportunity that is commensurate with similarly situated U.S. workers in duties, hours and compensation.

  Note: While F-1s on initial 12 months of OPT may work on volunteer/unpaid basis, this is not allowed on STEM OPT.

- Be prepared for an Immigration and Customs Enforcement (ICE) site visit.

UTS 187 – Rooney Rule
UT System

– Aggressively and affirmatively ramp up efforts to drive equal opportunity and fairness
– Hiring and promotion process

Implementing UTS 187 – the Rooney Rule

– Ensure consideration of qualified women and minorities for every senior level position (Dean and above)
– Ensure fairness in faculty compensation
– Plan to close gender gap within five (5) years
The Basics

• Have a written **position description**.
• Offer an interview to **more than one** qualified candidate.
• Interview only **qualified** candidates.
• Final interview pool should include at least **one female, one male and underrepresented group candidates**. (underrepresented minority may count as female or male)
• **Required** for Executive Administrator hires.
• **Strongly encouraged** for Other Senior Administrator hires.
# The Basics – Titles Impacted

<tbody>
<tr>
<td>• A position that performs executive duties + reports directly to President</td>
<td>Associate VP, Assistant VP Associate Dean, Assistant Dean Department Chair, Assoc. Dept. Chair Division Chief, Section Chief Head coach</td>
</tr>
<tr>
<td>• Each dean</td>
<td>Other similar administrator</td>
</tr>
<tr>
<td>• Other positions designated by President</td>
<td>Other persons designated by President</td>
</tr>
</tbody>
</table>
Underrepresented Groups

- Hispanic or Latino
- Black or African American
- Native Hawaiian or Other Pacific Islander
- Asian
- American Indian or Alaska Native
The Basics – Process

• Contact the Office of Institutional Equity and Compliance (OIEC) when the need for an executive or senior administrator position is determined

• Post position via UTD applicant tracking system (PA7) or search firm*. Contact HR BEFORE engaging with a search firm.

• Post position to ensure outreach to diverse candidates

• Before proceeding with interviewing phase, must have applicant pool reviewed by OIEC

• Rule apply to all vacant or new positions

*Search firm must gather demographic information on each candidate and return results to HR and OIEC.
The Basics – Outreach Efforts

- Work with OIEC to identify recruitment sources
- Post in multiple publications, including, but not limited to *Chronicle of Higher Education*
- Use network to circulate posting to groups whose core membership is females or minorities
FAQ

• Does this rule require us to hire a woman/minority candidate?
  – No. The rule is a call to action requiring that the best effort be made in attracting a more diverse applicant pool that will assist in the selection of a qualified female or minority. We are still committed to hiring the best candidate for the position.

• Is there an exception to the rule?
  – An exception may only be granted when filling an interim or acting appointment; after all outreach efforts have been exhausted; or in rare and compelling situations such as a withdrawal of a candidate or a need for an emergency hire. An exception will rarely be granted and will require written approval from the President AND Executive Vice Chancellor.

• Human Resources (or designated department representative) will do all I-9 and E-verify for faculty, staff, RA/TA, and temporary hires.

• Employers must use E-Verify for rehired employees. However, E-Verify has special rules for rehired employees who have previously provided a US Passport, US Passport Card, Permanent Resident Card, Alien Registration Receipt Card (Form I-551), Driver’s License, or state ID card for Form I-9 and the document is now expired. In these situations, there are two options:
I-9 Rehires and E-Verify

• If an E-Verify case was never created for this employee, the employee will need to complete a new Form I-9 and create a case in E-Verify.

• If an E-Verify case was previously created for this employee and received an employment authorized result, complete Section 3 of the employee’s previous Form I-9, and do not create a new case for the employee in E-verify. Alternatively, employers may choose to complete a new form I-9 and create a case for the employee in E-Verify.
• What does this mean to rehired employees?
  – A rehired employee will only need to provide I-9 documents if they are completing a brand new form I-9 or have not previously been E-Verified.
  – HR will notify the rehired employee if an appointment needs to be scheduled to complete a new Form I-9 and provide updated documents.
New Employee DayOne

• HR has begun the process to automate DayOne.

• This process allows new employees to retrieve their net ID and complete the form I-9 and voluntary self-identification, a W-4, verify personal information and enroll in NetID Plus to complete Direct Deposit information.
• What is needed to make this work?
  – The ePAR must be fully approved for a new employee to be able to retrieve their Net ID and log onto Galaxy.

  – HR is requesting a minimum of 5 days between the day the offer is extended and person begins employment. This is requested to allow the ePAR to be submitted and routed through all approvals.
New Employee DayOne

• What are the benefits?
  – Allows the new hire to have computer access and a current job record on DayOne.
  – Allows new hire to begin their Benefits elections earlier.
  – Benefits can view their role at UTD and process their record in a timely manner.
