

UT DALLAS FACULTY AUTHOR RECEPTION GUIDELINES

The Annual Faculty Author Reception recognizes qualifying works of UT Dallas faculty, students and staff published on paper or electronically. Since 2006, the Dean of The Eugene McDermott Library and the Office of the Executive Vice President and Provost have organized and sponsored an annual event to celebrate the publishing contributions of our creative, distinguished, and dedicated faculty. Occasionally, a student or staff member will produce a published work that is also recognized at the reception.

In 2007, another feature titled “Achieving Tenure: Celebrating Books,” was added to the reception. This program recognizes newly-tenured faculty who are invited to choose a book meaningful to them. This book is added to the collection with a bookplate noting the faculty member’s achievement.

Annual Reception

The two-hour event is scheduled annually in the spring in the McDermott Suite on the fourth level of the library.
