Using Lexis Nexis Academic for Public Company Information

The company information in **Lexis Nexis Academic** comes from such sources as Hoover’s Company Reports and the Securities and Exchange Commission (SEC).

To access this and other online resources start at the library’s web page [www.utdallas.edu/library](http://www.utdallas.edu/library). Click **Find Articles & Databases** in the right screen. Click on the letter **L** and scroll down to select **Lexis Nexis Academic** from the list.

Remember that from off campus you will be prompted to enter your NetID and password.

Click on the dropdown arrow in the **Search By Content Type** box. Scroll down to click on Dossier (**Company, Executive, & Industry**) in the left screen.

Searches can be executed by company name or ticker to find all of a corporation’s details, including financials. Select **Create a Company List** to create a list of companies in a particular industry; or use the tab **Compare Companies** to compare competitors.

In this search we will search for PepsiCo. Type the name of the company in the **Company Name** search box. Next, click the red **Find** button in the right screen. The result screen will show a list of companies.

Click on PepsiCo Inc. (PEP) to view financial, corporate, legal information and other information about the company. Stock quotes, financials, company details and a list of top executives are in the right screen. Additional information about the company is in the left column.

You may print, download or email the information.

For additional assistance with this or other databases contact the Jindal School of Management Library Liaisons.

**Alexander Rodriguez** can be reached at 972-883-2999 or email Alexander.rodriguez@utdallas.edu.

**Loreen Henry** at 972-883-2126 or email Loreen@utdallas.edu.

You can also click on the green question mark on any of the library’s webpages.
