

# IDEA CLUB @ UTD PRESENTS:

“CAN SCIENCE KNOW THE MIND OF GOD?”

-A LECTURE AT PRINCETON UNIVERSITY-

By Phillip E. Johnson

Professor of Law

University of California, Berkeley

With truth, understanding, and reason in the balance, Phillip Johnson makes a persuasive case for the reality of the mind of God arguing against the naive idea that all reality can be explained in terms of purely physical and material causes. His lecture is thought-provoking. The questions and answers that follow reflect intellectual discourse at its best!
