UNAPPROVED AND UNCORRECTED MINUTES

These minutes are disseminated to provide timely information to the Academic Council. They have not been approved by the body in question, and, therefore, they are not official minutes.

**ACADEMIC COUNCIL MEETING
April 7, 2010**

PRESENT: Cy Cantrell, Murray Leaf, Serenity King, Tim Redman, Karen Huxtable-Jester, Kurt Beron, Dennis Miller, Chandra

VISITORS: Hobson Wildenthal, Serenity King, Diana Kao

1. CALL TO ORDER, ANNOUNCEMENTS & QUESTIONS

Provost Wildenthal called the meeting to order. There were no announcements.

2. APPROVAL OF THE AGENDA

Cy Cantrell moved to approve the agenda as circulated. Tim Redman seconded the motion. The motion carried.

3. APPROVAL OF MINUTES

A review of the minutes brought up questions regarding the senior lecturer election results and exactly who is eligible to vote as a senior lecturer. Murray Leaf agreed to write a brochure clarifying this issue that can be distributed each year prior to elections. Cy Cantrell moved to approve the minutes as circulated. Tim Redman seconded. The motion carried.

4. SPEAKER'S REPORT—MURRAY LEAF

Murray Leaf stated that he did not report on the Texas Council of Faculty Senates meeting at the last Senate meeting. This was included in last month's Council meeting, so he will not repeat the report here, but will include in his report at the upcoming Senate meeting.

5. FACULTY ADVISORY COUNCIL REPORT—MURRAY LEAF

Murray Leaf reported that the FAC Executive Committee has met and set the agenda for the spring meeting. One item of interest is that the Committee plans to speak with the Texas School Board member who introduced an amendment concerning the separation of church and state to discuss what UT can do about preparedness.

6. DRAFT-UTD POLICY ON FINANCIAL EXIGENCY There was general discussion regarding the clarification of the wording in several sections and how this could be changed to be more specific. Murray Leaf will review and change the wording in all sections to be consistent. These revisions will be distributed for review prior to the Senate meeting. Cy Cantrell moved to place the policy as it will be amended on the Senate agenda. Tim Redman seconded. The motion carried.

**7. REGENTS' RULES FINANCIAL EXIGENCY ADVISORY COMMITTEE
RECOMMENDATIONS – MURRAY LEAF**

Murray Leaf briefly reviewed some of the major revisions in the policy. One is the recognition of faculty as teaching faculty and not administrators as well as the distinction of the elected body of the faculty as the governance organization.

8. SUSTAINABILITY POLICY – SERENITY KING

Ms. King reported that this was a holdover from the last meeting, since it did not get put on the Senate agenda last month. Donna Riha, Energy Conservation and Sustainability Manager, will attend the next Senate meeting to address this policy.

Tim Redman had suggestions for wording changes in first paragraph – he would like to see “efficient energy use” changed to “efficient water and energy use” There were other minor editing changes discussed. Dr. Redman also suggested that the term “life-cycle cost basis” be clarified. Cy Cantrell moved to place this item on the Senate agenda. Tim Redman seconded. The motion carried.

9. APPROVAL OF CANDIDATES FOR GRADUATION – MURRAY LEAF

Cy Cantrell moved to place this item on the Senate agenda. Kurt Beron seconded. The motion carried.

10. CEP REPORT – CY CANTRELL

Dr. Cantrell presented three CEP items for consideration by the Senate. 1) Academic Certificate Program in Product Lifecycle and Supply Chain Management

This is an attempt to draw more students into the recently approved Master’s program. This would provide an opportunity for students who are not necessarily degree-seeking to receive academic credit for courses. Cy Cantrell moved to place this item on the Senate agenda. R. Chandrasekaran seconded. The motion carried.

2) Bachelor of Science in Biomedical Engineering

The proposal envisions a program of 126 hours including twice as much undergraduate science as any other engineering degree program. Completion of the degree would require a full year of physics, chemistry and biology. This requirement imposes very severe constraints on the rest of the program, and in fact a great deal of work was done to make sure that graduates of the program would also be able to apply to medical school if they take an additional eight semester hours of organic chemistry. This additional requirement could be completed in a summer, so that it is feasible for students to graduate in four years. It is expected that most graduates of the program will go on to medical school or graduate school.

Cy Cantrell moved to place this item on the Senate agenda. R. Chandrasekaran seconded. The motion carried.

3) Full First 40 pages of Undergraduate Catalog

The catalog copy was not distributed in hard copy form, but a link to review the pages on the web was distributed. Dr. Cantrell noted that all policy changes in this section of the catalog had been previously reviewed and approved by the Senate. Cy Cantrell moved to place this item on the agenda. Kurt Beron seconded the motion. The motion carried.

11. SENIOR LECTURER SENATE ELECTION RESULTS – DAVID CORDELL

David Cordell reported that Kelly Durbin was elected. There is an issue with how senior lecturers are elected. This year the same counting and ballot procedure used in the tenure/tenure track election was used for the Senior Lecturer election. Dr. Cordell would like to develop some guidelines to specifically address the Senior Lecturer elections, and he agreed to work on this.

12. AGENDA FOR APRIL 21, 2010 ACADEMIC SENATE MEETING

The agenda for the Senate meeting will be:

1. Draft Policy on Financial Exigency
2. Sustainability Policy w/Speaker
3. Approval of Candidates for Graduation
4. Certificate Program in Supply Chain Management
5. Degree Proposal – B.S.B.M.E.
6. 1st 40 pages of undergraduate catalog
7. Senior lecturer election results

The caucus of the Senate and Senate-Elect will be held prior to the next regular Senate meeting

14. ADJOURNMENT

There being no further business, Provost Wildenthal adjourned the meeting at 3:07 p.m.

Effort Certification

[formerly 4.0 and 5.0]

Policy Statement

The federal government requires **Effort** reporting and certification as a condition of receiving federal funds. State agencies, private foundations, organizations and industry also provide funding to enable UT Dallas to conduct research, training and other projects. All faculty members who serve as principal investigators on sponsored contracts or grants are responsible for certifying the amount of **Effort** they and employees they supervise spend on sponsored activities. In compliance with UT System Policy (UTS163) that “each UT System Institution shall have an electronic online Effort Certification system that meets the requirements of this policy”, UT Dallas has adopted the UT System shared service system for **Effort** reporting and certification, also known as ECRT.

Rationale

The Office of Management and Budget (“OMB”) Circular A-21, Cost Principles for Educational Institutions, sets forth the cost principles that institutions of higher education must follow in expenditures of federally sponsored program funds. Section J.10 stipulates that institutions must have a payroll distribution system that allows salaries paid under federal grants to be properly allocated and that confirmation is made by the institution that **Individual** salaries paid under federal awards are appropriate to that award. Such confirmation is to be made by either the **Primary Individual** or a responsible official using suitable means of verification. The after-the-fact confirmation method used by UT Dallas requires that reports for faculty and professional staff be done every six months. The OMB A-21 Clarification Memo of January 5, 2001, further emphasized the effort confirmation requirements as they relate to committed (on the proposal) effort that may or may not be paid on the resultant award.

Recent settlements by higher education institutions with the Department of Justice have cost millions of dollars to remedy whistleblower lawsuits, which alleged (in part) improper accounting of salaries and wages charged to federal awards. These lawsuits were filed under the Federal False Claims Act. There have also been significant instances where higher education institutions have had millions of dollars of research expenditures, principally salaries and wages, disallowed as a result of a federal audit.

UT Dallas has established a system which conforms to the payroll confirmation requirement of OMB Circular A-21 and this document outlines the policy and procedures used at UT Dallas to comply with these federal regulations.

Scope

This policy applies to:

- all **Primary Individuals**; and
- all **Supporting Individuals**.

Definitions

Committed Effort: The amount of Effort specified in a **Sponsored Program** award agreement, regardless of whether salary support is requested for the **Effort**.

Effort: The amount of time spent on any activity expressed as a percentage of **Total Institutional Activities** for which an Individual is compensated by UT Dallas. For exempt employees, it is extremely important to understand that **Effort** for an Individual is not calculated on a 40-hour workweek or any other standard workweek. OMB Circular A-21 Section J.10.b.(1)(c) states “...in an academic setting, teaching, research, service, and administration are often inextricably intermingled. A precise assessment of factors that contribute to costs is not always feasible, nor is it expected. Reliance, therefore, is placed on estimates in which a degree of tolerance is appropriate.” Moreover, OMB Circular A-21 Section J.10.b.(2)(a) states “The payroll distribution system will ... (ii) reasonably reflect the activity for which the employee is compensated by the institution;...”

Effort Certification: A means of confirming that the **Effort** paid or unpaid by the sponsor has been performed. It is important to note that payroll distributions and **Effort Certifications** are related but not the same thing. Payroll distributions describe the allocation of an **Individual’s** salary; whereas, Effort Certification describes the allocation of an **Individual’s** Effort.

Fiscal Year: The Fiscal Year for UT Dallas is September 1st through August 31st.

Individual: An **Individual** is anyone who has paid **Effort** and/or **Committed Effort** on a **Sponsored Program**. Where appropriate in this policy the following subcategories will be utilized:

- A **Primary Individual** is a person listed as principal investigator, project director, co-investigator, co-project director, or those personnel with comparable responsibilities on a sponsored project application. A **Primary Individual** typically, but not always, carries an academic (i.e., faculty) appointment.
- A **Supporting Individual** is an employee other than a **Primary Individual** who has expended **Effort** on a **Sponsored Program**.

Sponsored Programs: Activities conducted in research, instruction, training, or public service as a result of a formal written agreement – such as a grant, contract, or cooperative agreement – obtained as a result of a formal application and approval process. These activities can be funded either externally by government, industry, or private sponsors; or, internally by UT Dallas. **Sponsored Programs** are separately budgeted and accounted for, meaning there is a defined scope of work, a budget that identifies the costs to be incurred in the performance of the work, and the accumulation of costs actually incurred in support of the project. **Sponsored Programs** usually involve a specific commitment of time for the **Individual(s)** involved in achieving the aims of the project. **Sponsored Programs** may be thought of as transactions in which there are specified statements of work with a related, reciprocal

transfer of something of value.

Total Institutional Activities: **Total Institutional Activities** are those activities for which an **Individual** is paid by UT Dallas. Common activities include administrative duties, instruction, patient care, public service, and research. **Total Institutional Activities** shall not exceed 100% and shall be consistent with his/her other duties as agreed upon with his/her supervisor.

Responsibilities

Vice President for Research

- Responsible for developing, monitoring and revising the Effort Certification policy.
- Ensures education and training programs are available to assist all administrators, faculty, and staff to fully understand the intent and the implications of all policies referenced herein.
- Ensures an effective monitoring process exists at the UT Dallas.
- Responds to audits.

Primary Individual

- Communicates with his/her department, and several other administrative functional areas within UT Dallas about **Effort** commitments.
- Certifies his/her **Effort** and the **Effort of Supporting Individuals** on the **Primary Individual's Sponsored Programs**.

Policy

Effort Certification will be performed semi-annually for the September-February and March-August time periods. All **Effort Certifications** must adhere to the following requirements:

- **Effort Certification** reports must be based on a reasonable estimate of **Committed Effort**. For determining "reasonableness," OMB Circular A-21 states "(I)n an academic setting, teaching, research, service and administration are often inextricably intermingled. A precise assessment of factors that contribute to costs is not always feasible, nor is it expected. Reliance, therefore, is placed on estimates in which a degree of tolerance is appropriate... The payroll distribution system will ... (ii) reasonably reflect the activity for which the employee is compensated by the institution...".
- **Effort** will be reported in whole percentages and all **Effort** reported for an **Individual** must equal 100%.
 - Minimum level of effort: A **Primary Individual** for a **Sponsored Program** must have a minimum level of **Committed Effort** on that **Sponsored Program**. The level of **Effort** should be commensurate with the **Primary Individual's** responsibilities with respect to the **Sponsored Program**. Certain types of **Sponsored Programs** such as equipment, instrumentation and training grants may not require any **Committed Effort** from the **Primary Individual**. However, such exceptions to this policy must be documented and approved by the Vice President for Research or his/her designee.

- Maximum level of effort: **Individuals'** total **Effort Commitments** on **Sponsored Programs** should be commensurate with their other responsibilities within **Total Institutional Activities**. Therefore, **Primary Individuals' Effort Certification** must reflect a reasonable amount of **Effort** dedicated to their other institutional commitments (e.g. community service, education, administration). In no case can **Committed Effort** on **Sponsored Programs** exceed 100%.
- A **Primary Individual** must certify his/her own **Effort**.
- A **Primary Individual** must certify the **Effort** of all **Supporting Individuals** who have expended **Effort** on the **Primary Individual's Sponsored Program(s)**.
- A **Primary Individual** must attest for each **Effort Certification** that the **Primary Individual** has a suitable means of verification and that the **Effort** shown in the **Effort Certification** report is a reasonable estimate of actual work performed during the stated period.
- All **Effort Certification** reports must be completed within 30 days of the opening of the certification period.

A failure to comply with this policy could result in any or all of the following consequences:

- Disallowance of expenditures on **Sponsored Programs**;
- Penalties and/or fines levied against UT Dallas;
- Damage to UT Dallas' reputation and/or the reputation of its faculty; and
- Criminal charges brought against an **Individual** who certifies a falsified **Effort** report.

Procedures

UT Dallas utilizes an electronic after-the-fact confirmation process for **Effort Certification**. While **Effort Certification** cards are available year-round at ecrt.utdallas.edu, there are two certification periods during the year. These are:

Payroll reporting period	Review Period	Certification Period
March 1 – August 31	Thirty days prior to start of Certification Period	Third Wednesday in October – Third Friday in November
September 1 – February 28	Thirty days prior to start of Certification Period	Third Wednesday in April – Third Friday in May

Review Period: Thirty days before the Certification Period opens, PIs are highly encouraged to review all their associated **Effort** reports. Any required changes can be made by processing a Personnel Action Form (PAF) with the fiscal officer in the PI’s school. Once the PAF is processed, changes can be saved in the **Effort** system.

Certification Period: Once the period opens, PIs have 30 days to confirm/edit and certify their **Effort** (if required) and that of any support staff. Detailed instructions on certifying **Effort** are available at http://www.utdallas.edu/research/ecrt/documents/UTD_ECRTBrochure.pdf

Failure to certify during the **Certification Period** is a failure to comply with UT Dallas, UT System and federal policy. This can result in having all sponsored accounts frozen until the certification is completed.

Proposed Undergraduate Minor

Theatre/Dance

School of Arts & Humanities

Contact: Dean Dennis Kratz, x2984 dkratz@utdallas.edu

Description: The mission of the proposed Theatre/Dance minor is to foster the creative, academic, and career development of UT Dallas students through the integration of theory and practice in creative work. The Theatre/Dance minor will teach the principles and values of self-discipline, critical thinking, collaboration, and creative problem solving essential to success in a change-intensive, diverse and global environment. The goal of the Theatre/Dance minor is to nurture skill, creativity and independent thought to equip leaders who will be able to apply these skills in a myriad of vocations.

“The University must provide a strong liberal arts education as well as a variety of educational opportunities inside and outside the classroom that will empower students not just to learn but to become leaders in the world of tomorrow.”

The University of Texas at Dallas –

Strategic Plan

Initiative Two: Preparing Students for Tomorrow’s

Challenges

Theatre and Dance at UT Dallas:

“No city can achieve or maintain greatness without a vibrant arts scene. As the University continues to grow, the arts must be an integral part of that growth. ...The arts, in particular, provide the School and UTD with exciting opportunity to directly impact the cultural life of the Metroplex. Even with a relatively small visual and performing arts faculty, the School has gained a reputation for excellence in the creative arts and sponsors a diverse, high quality arts season with everything from plays and art exhibits to concerts and ballets.”

The University of Texas at Dallas –

Strategic Plan

Action 6.2: The Arts

A Theatre/Dance minor at UTD will allow student development in both dance and theatre determined by student interest and performance level. This combination allows students to work harmoniously within two creative disciplines to establish a broad base of knowledge as performing artists and young arts scholars. Students who seek a Theatre/Dance minor at UTD may include transfer students from other colleges who enter UTD with a background and a strong interest in dance and/or theater, or UTD

ITEM #9(a)

students studying in other disciplines. Performance opportunities are offered in both dance and theatre, and our collaborative works and performances combining these disciplines allow ample opportunities for all students. The performing arts classes at UTD currently attract students from majors as varied as Neuroscience, Business, Computer Science, ATEC and Literary Studies. The Theatre/Dance minor will serve to bolster the educational experience for these students, and to offer student growth and development in the areas of problem solving, risk taking, interpersonal communication, and self-confidence.

Theatre and dance skills are not limited to the stage. They transfer to almost any area of employment. They build confidence in the ability to present in front of large groups, and leadership when asked to work with others on projects. They help in the understanding of how a project is planned and completed. Theatre and dance skills also build a foundation in the understanding and observations of others, management and infrastructure.

Theatre and dance classes also offer students diversity on their transcripts. Arts courses on student transcripts show a more rounded understanding of what a student is and has to offer.

Theatre and dance have played a vital role in the cultural, creative, and academic environment at the University of Texas at Dallas. Students from a wide variety of majors study theatre and dance each semester, perform in student concerts and plays, participate in residencies, and attend theatre and dance events on and off campus. The community at large has acknowledged the contributions of theatre and dance at UT Dallas through positive reviews in the *Dallas Morning News*, and by attendance at concerts, plays and master classes sponsored by UTD. A testimony to the integration of UT Dallas Dance within the greater community, UTD Dance faculty has formed partnerships with the Eisemann Center, Collin County Community College (CCCCD), the Schusterman Foundation (NYC), and UTD's Centraltrak Artist Residency to present guest artist residencies. The UT Dallas presentation of Battleworks Dance Company was recognized by the *Dallas Morning News* as one of the Top Ten Dance Events of 2007. Other dance guests include Pilobolus Too and a semester-long residency with Renana Raz of Tel Aviv, Israel.

Theatre at UTD has built strong ties with Water Tower Theatre in Addison, Dallas Shakespeare, Project X, and other professional theatres in the area. UT Dallas theatre students are now able to work in these venues as professional interns allowing them to gain course credit and build future contacts.

Theatre and Dance at UTD actively strive to promote thoughtful dialogue as evidenced by a commitment to diversity in guest artists and in theatrical presentations. In addition to offering student concerts that celebrate the cultural diversity of our campus, dance guest artist residencies have included Israeli choreographer Renana Raz, and Chinese American choreographer Lily Cai. Both of these artists presented work reflecting their cultures and engaged students in discussions about their work and culture. Other dance artists have

ITEM #9(a)

included African American choreographer Robert Battle, and choreographer Larry Goldhuber who works encourage dialogue about age and obesity.

The Theatre recently produced *Twilight: Los Angeles 1992* by African American playwright Anna Deavere-Smith in an attempt to educate students in racial perception, but also to make them aware of past historical events that have bearing on our society today. The Theatre also produced *Monkey: The Quest to the West* dealing with Ancient Chinese and Buddhist culture. We have also hosted artists Rhodessa Jones and Tommy DeFrantz to work with our students and create new work presented and produced here on our campus. Many productions are cast with a mix of students representing many races and cultures.

The Theatre/Dance minor will build skills in technique, nurture creative problem solving and encourage students to make connections between art and culture in the following courses:

Course Descriptions:

I. Theatre/Dance Historical study – lower level: (3 hours selected from the following)

DANC 1310 Understanding Dance (*3 semester hours*) Lectures, discussions, and performances designed to explore artistic, philosophical, and historical dimensions of the theatrical dance experience. Areas of emphases may include differing dance traditions, the nature of dance compared to other performing arts, and relations between social and theatrical dance. (3-0) Y

DRAM 1310 Understanding Theater (*3 semester hours*) Lectures, discussions, and performances designed to explore artistic, philosophical, social, historical, and psychological dimensions of the theatrical experience. Topics may include analysis of scripts, the nature of the theatre compared to the other performing arts, and the nature of popular entertainments. (3-0) Y

DANC 2V71 Independent Study in Dance (*1-3 semester hours*) Independent study under a faculty member's direction. Signature of instructor on proposed project outline required. May be repeated for credit (9 hours maximum). ([1-3]-0) R

ITEM #9(a)

DRAM 2V71 Independent Study in Drama (1-3 semester hours) Independent study under a faculty member's direction. Signature of instructor on proposed project outline required. May be repeated for credit (9 hours maximum). ([1-3]-0) R

II. Performance and Technical Study: (9 hours total hours)

(3 hours required – selected from the following)

DANC 3345 Dance Performance (*3 semester hours*) Exploration of various choreographic styles and ideas of performance. Emphasis may be placed on the application of dance techniques in choreographed works. Methods may focus on the choreographic process to enrich the performer's range of technique and expression and encourage understanding of choreographic principles and practices. May be repeated for credit (9 hours maximum). Prerequisite: DANC 3332, DANC 3333, DANC 3334, DANC 3335, or permission of instructor.

DANC 3347 Dance Composition (*3 semester hours*) Students will study basic concepts and applications for dance composition at a beginning level. Principles and skills will be taught through projects, analysis, and the creation of a complete work. May be repeated for credit (9 hours maximum). Prerequisite: DANC 3332, DANC 3333, DANC 3334, DANC 3335, or permission of instructor. (0-3) Y

DRAM 3310 Theater/Performance Ensemble (*3 semester hours*) This course is for people who are acting, producing or managing a production. The time will be reserved for rehearsals, script analysis, concept design and general studies. Additional rehearsals, outside of the assigned class time, will be necessary to produce the show. This course provides practical use of theatrical studies. May be repeated for credit as topics vary (9 hours maximum). Prerequisite: Audition or permission of the instructor. (0-3) R

DRAM 3325 Directing and Producing (*3 semester hours*) The course presents the principles and working methods of directing and producing theater, performance, and inter-media expressions. Emphasis will be on the development of skills required to bring a text or idea to presentation. Areas of focus will include imagination and conception, image and metaphor, analysis, planning, development-rehearsal process, and production. Will require out of class lab hours. Prerequisite: DRAM 2351 or permission of the instructor. (0-3) Y

(6 hours selected from the following, no more than 3 hours at the lower level)

DRAM 1351 Acting 1 (*3 semester hours*) The purpose of this course is to provide the student with a working knowledge of the fundamentals of the actor's craft. This will include basic acting theory and technique, script analysis, exercises to develop imagination, concentration, sensory awareness, self-knowledge, trust and freedom. This class is designed to give the beginning acting student the ability to act and work individually and collaboratively on lay scripts in a workshop environment. (0-3) T

ITEM #9(a)

DRAM 2371 Technical Theater 1 (*3 semester hours*) Designed to provide an introductory overview of all aspects of technical theater, encompassing lighting, sound, set construction, props, costume procedures, and elementary construction. Practical work will reference theater history and the theoretical foundations of technical theatre. Students will be required to attend weekly lectures and fulfill production lab hours. (0-3) Y

DRAM 2311 Topics in Theater (*3 semester hours*) An introduction to specialized topics in theatre. May include historical or cultural elements of theatre, a genre or author, or digital aspects of theatre. May be repeated for credit as topics vary (9 hours maximum). (3-0) R

DRAM 2372 Improvisation (*3 semester hours*) Students will learn the fundamentals of spontaneous creativity through the use of critical listening and response. Exercises and games are used to help students learn to express themselves both physically and vocally. (0-3) R

DANC 2311 Topics in Dance (*3 semester hours*) An introduction to specialized topics in dance. May include historical or cultural elements of dance, a genre or choreographer or digital aspects of dance. May be repeated for credit as topics vary (9 hours maximum). (0-3) R

DANC 2331 Beginning Dance and Movement (*3 semester hours*) Designed for students who wish to develop skills in various forms of dance and movement. May be repeated for credit (9 hours maximum). (0-3) Y

DANC 2321 Stretch, Conditioning, Alignment (*3 semester hours*) Designed to enrich students' understanding of their own physical condition and to prepare students physically for the study of dance technique. The course will apply principles of dance conditioning and alignment including the development of abdominal strength, floor barre practices, flexibility and placement exercises, and selected exercises from yoga and Pilates. (0-3) Y

DANC 2332 Beginning Modern Dance (*3 semester hours*) Designed for students who wish to develop skills in Modern dance. May be repeated for credit (9 hours maximum). (0-3) Y

DANC 2333 Beginning Jazz Dance (*3 semester hours*) Designed for students who wish to develop skills in Jazz dance. May be repeated for credit (9 hours maximum). (0-3) Y

DANC 2334 Beginning Ballet (*3 semester hours*) Designed for students who wish to develop skills in Ballet. May be repeated for credit (9 hours maximum). (0-3) Y

DRAM 1352 Acting 2 (*3 semester hours*) This course will continue the development of physical, emotional, and imaginative awareness as it applies to acting. Statements from a sampling of students and alumni interested in a Dance and Theater Minor

Rigoberto Hernandez

rxh074000@utdallas.edu

Companies and graduate/professional schools are always looking for “well-rounded” students to hire or accept. These are students that are competent in their chosen field of study and have also branched out into another area in order to broaden their horizons. Many students accomplish this by earning a minor in a particular field of interest, and for dance students in particular, it would be wonderful if all our physical efforts could be reflected in such a way. This does away with the vagueness brought on by an arts and performance minor and highlights a particular art form. Graduating with a Theater/Dance minor will help create a better picture of applicants for admissions committees and companies. As a medical school applicant, I understand the importance of setting oneself apart from the rest and I believe a dance minor will be a great start!

Jacqueline Justice

jacqueline.justice@rocketmail.com

As a senior ATEC major, I find myself taking a number of dance and performance classes for electives. In noticing the amount of hours I have accumulated in the dance program throughout the past few semesters at UTD, I am more than disappointed in the absence of a Theater/Dance minor. I, for one, would have unquestionably been interested in minoring in dance. Being familiar with a variety of local dance programs, classes offered at Collin College, I believe UTD has a immensely strong group of instructors and students ready and willing to do what is necessary in order to make dance and theater an offered minor.

Diana Bandoh

ddb072000@utdallas.edu

I am currently an undergraduate at UTD and will graduate next spring. I have danced my whole life, and at one point was a dance major. I switched and am now a political science major. I have taken numerous acting, dance technique and performance classes, and would really like to be able to declare Theater/Dance as a minor. After meeting with my advisor, I learned that this is not an option at the University. If it was, I would gladly take the few additional courses necessary to satisfy a minor requirement.

Business Administration (Senior)

It would be highly beneficial for UTD students to have a Theater/Dance minor, because dance can help students express his/her creative potential in a healthy and physical way. Consequently, creativity can spur a student for greater academic and personal success in life.

Although I am graduating this semester, this minor can be an inspiration for many potential students to come to UTD.

Christyn Valentin

With the utmost sincerity, I, Christyn Valentin am writing this letter to give you all clearer perceptive and understanding of the advantages of a dance minor at UT Dallas. I am currently a freshman who is majoring in Neuroscience with hopes of going to medical school. Despite my love for the sciences, I am also extremely interested in all areas of dance such as ballet, technique, and composition. I actively partake in the offered dance courses both mentally and physically in order to satisfy my craving for dance and to become a well-rounded individual. Through dance, not only am I being able to learn different ways of self expression but I also am involving my personal image, discipline, and motivation. If a dance minor were to be offered at UT Dallas, I would be able to display my interdisciplinary studies more effectively to others thus resulting in a higher appreciation of my goals.

Arts & Performance Major/Pre-Law

I believe having a Dance/Theater minor at UTD would be beneficial for students because it would provide a creative outlet for those who are not art majors. There are many students in other majors who previously spent many years training in dance or theater, yet choose not to major in it. By having a Dance/Theater minor, students like this have a chance to minor in an art that they would normally discontinue participating in. I became an Arts & Performance major, and I also joined the Pre-Law society my second semester of freshman year. If there had been a Dance/Theater minor at the time I was a freshman, then I would have opted for a law-oriented major (Political Science, Government, etc) and a Dance/Theater minor.

Future law student and graduating senior

Please institute a Theater/Dance minor at UTD. I am now a graduating senior, and along with dozens and dozens of my peers throughout my time here at UT Dallas, I have taken more than enough classes to complete an 18 hour Theater/Dance minor requirement. Although many students do not choose to major in Arts and Performance, the dance program at UTD is so strong that it draws students from multiple disciplines to take as many classes as they can while they are here at UTD. UTD's jazz, ballet and modern dance classes have been of immense benefit to my education, and like my fellow dancers, I think it would be both fair for us and beneficial for the university's arts and humanities reputation for us to receive minors in dance. Please do grant us this opportunity.

Anh Nguyen

Anh.nguyen@student.utdallas.edu

Having a dance minor at UTDallas would be beneficial towards the Arts and Performance majors, including myself. I would be interested in participating this movement. It would be a great add on to the university and attract potential UTDallas comets.

Rebecca DeButts

rmd090020@utdallas.edu

The dance department here at UTD is, in my opinion, the undiscovered treasure of the university. Here at UTD, both Professor Saba and Professor Hanlon have given me a great deal of creative freedom, in addition to very strong technical training and guidance. Both have shown me strong support and stern instruction. I am an Arts and Performance major, with an emphasis in dance and a Dance/Theater minor is something that I would be very interested in. I have been training in classical dance forms for nearly ten years and I would like to make dance my career.

Melissa Johnson

melissa@student.utdallas.edu

I am a senior graduating spring 2010 with my Bachelor's of Science in Public Affairs. If the option of having a dance minor was available to me at the time, I would have gladly added it to my academic career at the University of Texas at Dallas. I feel that if this program would have been offered I would have had a better opportunity to further enjoy my time here at UTD. In addition, I am currently looking into graduate programs and have set my heart on other universities that offer a more diverse program structure and availability. I am very proud to have earned my undergraduate degree at one of the most prestigious schools in the north Texas area; however, I feel that the university needs to broaden their academic mindset and welcome new opportunities for growth.

Amanda Hunt (Amanda Lousberg, Alumna)

amandajadelousberg@yahoo.com

The University of Texas at Dallas would benefit immensely from having a dance minor degree. UTD has the potential to attract talent of all kinds with this opportunity and (frankly) I believe the school is missing out on bright students-who happen to be dancers- simply because they do not offer dance as a minor. It is crucial for the university to have a means in which serious dancers can study and gain a dance minor while pursuing their chosen major.

*note – Amanda is currently employed in the field of dance as a teacher.

Marisa Seaman

major in Art and Performance-graduating may 2010:

I would like to state that I would have most definitely minored in Theater/Dance if it had been available to me. I am graduating in May but know that many dancers would benefit from this. I transferred from the BFA dance department at UT in Austin and was only able to major in art and performance which is a broad major. A minor in Theater/Dance would be a great concentration for those who come to UTD in the future with either a dance upbringing or with previous dance credits from another institution. The minor would be beneficial post college in finding a career in the dance arts.

ITEM #9(a)

Karyne Nguyen

kxn061000@utdallas.edu

An Arts and Technology senior, the arts and dance have been a prevalent part of my college career; I have been lucky enough to find my niche in the University's hip-hop performance-driven dance team, Power Dancers, and grow myself as a leader and dancer. Being able to take UT Dallas Dance classes concurrently has enabled me to become a better performer in the genre I am used to, as well as step outside my comfort zone and explore the possibilities of movement. I believe a Theater/Dance Minor would be extremely beneficial for students who have a passion for dance as it would provide the opportunity for artistic growth in UTD's curriculum; by bringing attention to the dance program, the unique learning and education process of dance will be brought to the forefront, an important quality that dancers in the college environment can benefit from.

Accounting and Information Management

Having a Theater/Dance minor would be extremely beneficial to me for several different reasons. First of all, theater is something that I enjoy doing in general, so it brings several non-academic benefits. It will also show future employers, graduate school interviewers, and anyone else who may be looking at my resume that I have several extremely desirable traits. In theater you have to work with your cast and crew to make sure the show runs flawlessly. Having this experience will show how well I work with people. You are also critiqued often and changes, planned or unplanned, to the set and script happen in every show. You have to be able to apply the criticism to better your acting, or be able to adapt to an unexpected change with the set. Being able to take criticism and use it to make your work better and being able to handle unseen changes well are extremely important traits in a career. On top of those things, it will also show that I have a creative mind, something that companies will be looking for. For these reasons, I feel like having a minor in theater will be immensely helpful when applying for graduate school and future jobs.

Camron Quitugua-Computer Science Senior cjq061000@utdallas.edu

My name is Camron Quitugua and I will be graduating this May with a major in Computer Science and a minor in the Performing Arts. The University of Texas at Dallas has given me a great chance to show my creative side while pursuing my studies, and I am extremely grateful for that. However, I know that if the University offered a Theatre/Dance minor, I would be graduating with that in place of my Performing Arts minor. I plan on moving forward with my education by pursuing a Masters of Fine Arts in Stage Management, with the goal of applying my technical talents in the theatrical field after completing my studies. The specificity of a Theatre/Dance minor would make my resume that much more appealing to those wondering if I would be ready for the rigors and trials that the theatre demands. Also, as a non-Theatre major, the Theatre/Dance minor would speak to my credibility much more than the generic "Performing Arts" minor, making my transcript stand out in the eyes of colleges considering me as a student. I would ask that the University of Texas at Dallas please

ITEM #9(a)

grant its students the opportunity to pursue a Theatre/Dance minor. By doing so, UTD's theatre and dance students would be recognized appropriately for their efforts in these demanding fields.

Lauren Hollis-Art History Senior

leh053000@utdallas.edu

As a graduating Arts and Humanities senior, I thoroughly enjoyed my classes in theatre. However, I feel it is detrimental to the A&H school and the University as a whole that there is no theatre or dance minor. By diversifying student options with concrete degree plans, more students will show interest in and register for theatre and dance classes. I would have taken many more theatre classes if they would have counted toward a minor-- instead I had to focus my energies elsewhere.
