

SUB-TOPIC

MAINTENANCE AND CARE FREQUENCIES

The following schedule lists the minimum frequencies of maintenance and care performed to ensure that University roads and grounds standards are maintained, assuming there are not climatic, construction or other interferences:

<u>Operation</u>	<u>Frequency</u>
Pick-up of litter	Daily
Sweeping of walks, streets and parking lots	Daily
Irrigation	Daily
Cleaning of tennis courts	Weekly
Mowing	Weekly
Edging	Weekly
Hedge trimming	Weekly
Raking of leaves, twigs, etc.	Weekly
Spraying	Monthly
Aerification	Monthly
Weed removal from beds	Bi-monthly
Fertilization	Tri-annually
Flower and bed preparation	Tri-annually
Landscaping	Seasonally
Watering	Seasonally
Vertical mowing	Semi-annually
Pruning of trees	Semi-annually
Winter over-seeding	Annually

If these frequencies are not being met, except for legitimate reasons (climatic conditions, construction, etc.), call the Physical Plant at Ext. 2177.
