SECURITY AND SAFETY

SUB-TOPIC

CAMPUS SECURITY AND SAFETY

General Policy: The procedures and policies set forth in this section deal with the security and the safety of individuals and property on the UTD campus. Providing for the security and safety of individuals and property is not the sole responsibility of any one organizational unit, but rather it is the responsibility of every individual while he or she is on the U.T. Dallas campus.

This section is intended to provide the individual with knowledge of the services and procedures which are available to help each individual discharge this joint responsibility.
