

Biographical Information

LLOYD JEFFRY DUMAS

(3204 Sugarbush Drive, Carrollton, Texas 75007)
(Office: 972-883-2010; Email ljdumas@utdallas.edu)

Education

- B.A. (Mathematics) Columbia College, Columbia University, 1967
- M.S. (Industrial and Management Engineering), School of Engineering & Applied Science, Columbia University, 1968
- Ph.D. (Economics), Graduate School of Arts and Sciences, Columbia University, 1972.

Work Experience

Professor of Political Economy, Economics and Public Policy, The University of Texas at Dallas (9/1/83 - present); Associate Professor (6/1/79 - 8/31/83).
Garrey Carruthers Professor of Honors (visiting), The University of New Mexico (Fall 1997)
Associate Professor of Industrial and Management Engineering, Columbia University (7/1/74-6/30/79); Assistant Professor (9/73-6/74).
Assistant Professor of Economics, Lehman College, City University of New York (1973); Instructor of Economics (1970-72).

PUBLICATIONS: BOOKS

Lethal Arrogance: Human Fallibility and Dangerous Technologies (New York: St. Martin's Press/Palgrave, December 1999)

NOMINATED (2002): Grawemeyer World Order Award (\$200,000)

The Socio-Economics of Conversion: From War to Peace, preface by Amitai Etzioni, President, American Sociological Association (New York: M.E. Sharpe, Inc., 1995) - editor and contributor

Making Peace Possible: The Promise of Economic Conversion, preface by Ambassador Inga Thorsson, (Oxford: Pergamon Press, 1989) - first editor (co-editor, Marek Thee) and author of first and last chapters.

The Overburdened Economy: Uncovering the Causes of Chronic Unemployment, Inflation and National Decline, preface by Kenneth Boulding, former President of the American Economics Association. (Berkeley: University of California Press, 1986)

COMMENTS:

John Kenneth Galbraith (Professor of Economics, Harvard University): "This is a book of real substance by a scholar of high competence." "...an extremely interesting, even exciting book." (Washington Monthly, September 1986)

Kenneth E. Boulding (Former President of the American Economics Association and of the American Association for the Advancement of Science): "This is a very important book. Such a statement is not easy to justify and may take fifty years to prove, but it is my considered judgment...Dumas's work is a very valuable contribution to the coming transformation of economic thought." (from the Preface).

Jan Tinbergen (first Nobel Laureate in Economics): "[The Overburdened Economy] throws much light on the problem of deceleration of economic growth of both the USA and USSR."

TRANSLATED: The Overburdened Economy, translated into Korean and published in paperback by Bee Bong Press (Seoul (1990).

Swords into Plowshares: Conversion of Military Production to Socially Useful Purposes (Oslo: Norwegian University Press, 1988) - guest editor of special issue of the Bulletin of Peace Proposals (vol.19, no.1, 1988). This issue was revised, substantially expanded and republished as the book, Making Peace Possible, cited above.

Reversing Economic Decay: The Political Economy of Arms Reduction (American Ass'n for the Advancement of Science and Westview Press, Boulder, Colorado: 1982) - editor, author (Ch 1, 2, 8).

REPRINTED: Chapter 1 in L. Kurtz, ed., The Nuclear Threat, sociology course reader (Austin: University of Texas, 1991).

REPRINTED: Chapter 1 in K. Buttigan, editor, The Present Costs of Nuclear Arms (New Society Publishers, 1984).

REPRINTED: Chapter 2 in P. Joseph and S. Rosenblum, editors, Search for Sanity: The Politics of Nuclear Weapons and Disarmament (Boston: Southend Press, 1984).

REPRINTED: Chapter 8 (abridged) in W. Evan and S. Hilgartner, editors, The Arms Race and Nuclear War (Englewood Cliffs: Prentice-Hall, 1987).

The Conservation Response: Strategies for Design and Operation of Energy Using Systems, (Lexington, Mass.: D.C. Heath, 1976).

Behavioral Patterns and Anticipations Data: An Econometric Model of Investment in the Electric Utilities, Ph.D. thesis, Columbia University (Ann Arbor, Michigan: University Microfilms, 1972).

PUBLICATIONS: ARTICLES IN ACADEMIC JOURNALS AND ACADEMIC BOOKS

Committee on Instruction, School of Engineering and Applied Science, Columbia University (curriculum decision-making body, 1977-1979)

Doctoral Program Subcommittee on Industrial and Management Engineering of the Executive Committee of the Graduate School of Arts and Sciences, Columbia University (1976-1979)

Instructional Activities

Undergraduate Courses Taught: macroeconomics; economic development; international relations; national and international security; microeconomics; statistics; industrial organization; industrial economics; urban economics; environmental economics; engineering economy; money and banking; economics of public issues; economic analysis; national and international security; the arms race; alternative approaches to national security

Graduate Courses Taught: industry, technology and science policy; macroeconomics; world political economy; economic development; special topics seminar in macroeconomic theory; workshop/seminar in economic conversion; industrial economics; economic forecasting; evaluation of industrial operations; industrial economic strategies and behavior; seminar in energy conservation

Sponsor of various doctoral dissertations; doctoral defense committees (economics, business, industrial engineering, psychology and sociology) and Ph.D. oral exams.

GRANTS RECEIVED AND REVIEWED

Ford Foundation Grant (\$232,333; March 2005-February 2007): Co-Principal Investigator (with Prof. Janine Wedel, George Mason University) additional grant to expand project, “Building Accountability into International Development Advising in an Age of Diffused Governance” (see below).

Ford Foundation Grant (\$179,100; October 2002-February 2005): Co-Principal Investigator (with Prof. Janine Wedel, George Mason University) for project, “Building Accountability into International Development Advising in an Age of Diffused Governance.

Rockefeller Foundation Grant (with Professor Ali Mazrui, Distinguished Professor of African History and Studies at SUNY Binghamton) for the use of conference center at Bellagio, Italy (7-11 June 1999) for an international conference "Regional Peacekeeping and Demilitarization in Africa".

U.S. Department of Justice, National Institute of Justice (2003), technical reviewer for 14 grant proposals on terrorism and intelligence networks, ranging from \$250,000-\$900,000. (lead technical reviewer for four of the proposals).

U.S. Department of State, Science Centers Program – reviewer of grant proposal on “Perfecting of Methodology for Counter-Accident Contingency Management Systems Planning at Nuclear and Chemical Hazardous Production Facilities Employing New Information Technologies” (ISTC #2279). Evaluation was for use by science advisors to the State Department at Los Alamos, Sandia, Lawrence Livermore and Pacific Northwest National Laboratories, to determine whether proposal should be funded. (2002)

National Research Foundation of South Africa (2003), reviewer of grant proposal submitted by academic at the Division of Economics at the University of Natal, for project on military expenditures.

OTHER WORK-RELATED ACTIVITIES

U.S. Department of Energy funded project of Nuclear Watch New Mexico, senior consultant (Santa Fe, New Mexico), “An Assessment of the Economic and Environmental Impacts of DOE Environmental Management Programs in New Mexico” (2002)

Los Alamos National Laboratories - consultant under contract on development of civilian R&D projects for all divisions of the Laboratories (1994-96)

NATO Economics Directorate, Economic Committee - included in database of defense conversion experts (1994-)

Encyclopedia of Violence, Peace and Conflict (AcademicPress/Elsevier) – Member of Editorial Board (2005-)

Economics of Peace and Security Journal (www.epsjournal.org.uk) - Associate Editor (2006-)
Chair, Working Group on Climate Change, Civil Society Institute (2006-) this national working group includes a senior VP of the HOK architectural firm in California, the EVP of a Massachusetts investment firm, the director of the Nebraska Department of Insurance, two fellows of Resources for the Future, the director of Redefining Progress in Washington DC, the VP for energy programs of the Kendall Foundation, the senior economist of the American Council for an Energy Efficient Economy, the director of the Global Environment Institute at Tufts University, and a professor of agricultural economics from Montana State University.

Carnegie Commission on Preventing Deadly Conflict (of the Carnegie Corporation of New York) – reviewed 450 page manuscript on the role of inducements in conflict prevention (1996).

The Future of Oil: Energy Security, Climate Risks, and Market Opportunities (published June 2007) by CERES and the Civil Society Institute), prepared by Miranda Anderson, this monograph quotes me extensively and uses key parts of my J.P. Morgan Chase (Oct 2006) presentation on “Climate Change Risks and Economic Opportunities”

MacArthur Foundation - grant proposal referee (1990, 1996)

Governor of Texas' Special Taskforce on Economic Transition Vice Chair of Taskforce, created to make recommendations to the Governor on facilitating the conversion of military contractors and bases in Texas (other include: Secretary of State, Chair; Chancellor, University of Texas system; labor leaders, military industry managers; economic development specialists; (6/91-3/93).

Economists for Peace and Security (formerly Economists Allied for Arms Reduction) – Senior fellow (2005-); founding member of the 30 person Board of Directors (1984-2005) eight of whom are Nobel Laureates in Economics (Kenneth Arrow, Lawrence Klein, Joseph Stiglitz, Amartya Sen, Robert Solow, Douglas North, William Sharp, and Daniel Mc Fadden) and one a Nobel Laureate in Peace (Oscar Arias) (1989-).

Routledge Economics Books (London: Division of Taylor and Francis), reviewer of proposed textbook, Foundations of Macroeconomics: An Historical Analysis (2003).

Prentice-Hall Publishers (Englewood Cliffs, New Jersey) – reviewer/referee of textbook manuscript, Economic Development: Theory and Policy by S. Lynn (1998)

Academic Press (San Diego, California) - reviewed manuscript of contribution to Encyclopedia of Violence, Peace and Conflict, entitled "Economics of War and Peace" (1997).

New Zealand - invited consultant on warship purchase to Peace Movement Aotearoa, including meetings with President and Secretary of ruling Labour Party, administration and legislative officials, Assistant Chief of Defence and his Deputy, and leaders of Council of Trade Unions (Jan.1990).

Republic of the Philippines - Invited consultant on demilitarization and economic development to broad coalition of nationalist groups, met with high national government officials and local politicians

(August 1986).

American Association for the Advancement of Science - Committee on Science, Arms Control and National Security (1980-83)

Governor of Colorado's Blue Ribbon Citizens Committee - member of Technical Advisory Group to Committee focused on evaluation of the Rocky Flats nuclear weapons facility near Denver (1980-82)

National Commission for Economic Conversion and Disarmament - member, 25 member, nongovernmental commission (1988-95)

Universal Studios - technical consulting on the script of the film ultimately released by MGM-United Artists as "War Games", involving computer/human reliability problems and nuclear war.

CATO Journal (Selected Papers on Theory & Public Policy Applications) - member of Editorial Board (1980-83)

Ploughshares Fund - Advisory Board - other advisors include George Kennan, Harrison Salisbury, Glen Seaborg, Orville Freeman, Adm. John Lee and Marshal Shulman (1986-2001).

Peace and Change: A Journal of Peace Research - member of Editorial Board (1980-present)

Journal of American Medical Association - article referee (1989)

IEEE Transactions on Engineering Management - article referee (1994)

CATO Institute (Washington, D.C.) - Adjunct Scholar (1982-90)

GOVERNMENT TESTIMONY

United Nations General Assembly, Committee of the Whole – Special Session on Disarmament and Development (June 9, 1988), oral and written testimony on "Preparing for Peace".

U.S. Department of Defense, Defense Conversion Commission - made recommendations for effective conversion of bases and military industry to civilian use (Wash, D.C.: Aug. 25, 1992).

U.S. Congress, House Subcommittee on Science, Research and Technology - Hearings on the "Role and Balance of Federal R&D Support" (June 18, 1987), oral and written testimony on Economic Effects, with Jerome Weisner, former President of M.I.T. and Science Advisor to the President and Adm. Carroll.

U.S. Department of Energy - Hearings on the Programmatic Environmental Impact Statement relating to the Reconfiguration of the Nuclear Weapons Complex; oral and written testimony (Los Alamos, New Mexico: May 22, 1991).

U.S. Congress, House Armed Services Committee – Hearings on Economic Conversion Legislation, 98th Congress, 2nd Sess. (Aug.1,1984), written testimony, "Economic Conversion and National Policy."

U.S. Department of Energy - Hearings on the environmental impact of the Rocky Flats nuclear weapons plant (Denver, Colorado: May 25, 1978); on planning Rocky Flat's conversion to civilian activity, and conversion-related environmental impacts.

Democratic Party National Platform Committee (Houston: May 29, 1984) Testified orally with written supplemental materials on "Jobs, Inflation and the Economy."

New Mexico State Legislature Interim Science, Technology, Energy and Defense Conversion Committee (Santa Fe: November 22, 1993) Testified orally for about one hour on initiatives in conversion and technology transfer.

Minnesota State Legislature House Economic Development Committee - Hearings on bill related to defense dependency (St. Paul, Minnesota: May 9, 1989).

California Senate Select Committee on Investment Priorities and Objectives - Hearings on defense dependency and economic conversion in California (San Jose, November 30, 1978): on economic impact of military spending and conversion planning.

Massachusetts State Legislature Joint Committee on Federal Financial Assistance - Hearings on resolution memorializing Congress to transfer funds from the military budget to State and local governments (Boston, April 5, 1979).

Connecticut State General Assembly Committee on Planning and Development - Hearing on proposal to require the State Department of Economic Development to establish a Defense Conversion Program (New Haven, March 23, 1979).

City of Chicago, Chicago Conversion Commission - Hearings on economic conversion (Aug.9, 1988) - oral and written testimony.

SELECTED CONFERENCE PRESENTATIONS (Partial List):

2007:

2nd Istanbul Conference on Democracy and Global Security (Istanbul, Turkey: June 14-16, 2007) sponsored by the Turkish National Police (1300 attendees from 82 countries) –presented paper “The Role of Police Work, Economic Development, and Political Development in Countering Terrorism”

Conference on Building a Culture of Peace (Santa Fe, New Mexico: May 16-17, 2007) sponsored

by the State of New Mexico –issues discussant as member of Peace Resource Group

Economists for Peace and Security Conference “War and Poverty, Peace and Prosperity”

(Annondale-on-Hudson, NY: Levy Economics Institute, Bard College, May 31-June 1, 2007)
 – presented paper, “Why Bombs Fall and Why Bombs Fail”

2006:

The Future of Oil: Security, Climate Risks and Market Opportunities --- An Expert Briefing
 (NYC: October 4, 2006) sponsored by J.P. Morgan Chase for Wall Street security analysts
 and institutional investors at JP Morgan Chase headquarters (270 Park Ave), speaker on
 “Climate Change Risks and Economic Opportunities”.

Tenth Annual International Conference on Economics and Security (Thessaloniki, Greece: City
 College, June 22-24, 2006) – presented paper, “Development and Peace: A Virtuous Circle?
 Exploring the Power and Limits of the Relationship”.

Allied Social Sciences Association Annual Meetings (Philadelphia, PA: January 2005) – Joint
 AEA/URPE session, "The Political Economy of Military Spending", presented paper, Bang
 for the Buck: The Real Effects of Military Spending on Security”.

2004:

Allied Social Sciences Association Annual Meetings (San Diego, CA: January 2004) –
 Roundtable session "International Peacemaking and Peacekeeping", speaker on "The
 Ultimate Substitution Effect: Can Economic Incentives Displace Military Force in Keeping
 the Peace?"

Southwestern Economics Association, Annual Meetings (Corpus Christi, Texas: March 2004) –
 Discussant on paper, “Corruption, Nepotism and Allocative Efficiency” in session on
 “Institutional Economics”, and chair of session “Technology and Innovations”.

Foreign Policy in Focus, Post-Election Retreat (McLean, VA: December 16-17, 2004)-
 Participant in open discussions on foreign policy issues ranging from globalization, to the
 Middle East to international security issues.

2003:

Allied Social Sciences Association Annual Meetings (Washington, DC: January 2003) – Chaired
 Roundtable session "Conflict and Development: What Have We learned?", speaker on
 "Conflict and Development: The Bi-Directional Relationship".

International Meeting in Moscow of the International Physicians for the Prevention of Nuclear
 War (Winners of the 1987 Nobel Peace Prize) (Moscow: May 14-18, 2003). Spoke on human
 fallibility, nuclear power and weapons of mass destruction at meetings with: 1) Speaker of
 the Duma (3rd highest ranking official in the Russian government; 2) Minister of Atomic
 Energy of Russia (Minatom); and 3) Editorial Board of Rossiyskaya Gazeta (major daily
 newspaper in Moscow).

International Working Group Meeting on Building Accountability into International Development Advising Pultusk, Poland: September 21-24, 2003). Co-organizer and working group leader; presented paper, "Building Accountability: Developing A Code of Ethics for International Economic Consultants". [Group included: Minister for Water Resources (Nepal); former Minister of Industry and Mineral Wealth (Egypt); Chief Economist at State Environmental Protection Agency (China); former Head, Kanpur Development Authority (India); former vice president, CORFO economic development agency (Chile); Deputy Coordinator of Ministry of Foreign Trade (Bosnia); Director, Edge Institute (South Africa); Unit Head, Department for Foreign Exchange Regulation, Central Bank (Russia); advisor to President, Supreme Chamber of Control (Poland); and Director, American Bar Association (USA)].

Conference on "The Language of War" (Dallas: The Dallas Institute of Humanities and Culture, April 12, 2003), speaker on "The Voice of Economics in the Discourse on War and Peace".

2002:

Allied Social Sciences Association Annual Meetings (Atlanta: January 2002) - session "National Missile Defense and New Global Threats", chaired by Michael Intriligator (with Kenneth Arrow, Walter Isard, James Galbraith, Richard Kaufman), speaker on "Terrorism and National Missile Defense"

University of Capetown (SA), University of Port Elizabeth (SA) and Middlesex University (UK), International Conference on "Cost Offsets and Development" (Capetown, South Africa: September 26-28, 2002) – presented paper on "Weapons Procurement and Development: Do Offsets Mitigate or Magnify the Military Burden?"

Senate of Puerto Rico/Arias Foundation For Peace and Human Progress Conference, "Paz en la Paz" ("Peace in Peacetime") (San Juan, Puerto Rico: August 12-14, 2002) – speaker on "In pursuit of Equality and Human Dignity", and "The Innocent Victims" (other panelists included Nobel peace prize winners Oscar Arias and Betty Williams; President of the Senate of Puerto Rico; member of the parliament of India; painters such as Antonio Martorel; musicians such as Ricky Martin; poets such as Ernesto Sabato; astronaut Dr. Franklin Chang; inspirational speaker Deepak Chopra, Latin American TV and radio personalities, screen writers, academics, and others). The entire conference was broadcast on public television.

World Congress of the International Physicians for the Prevention of Nuclear War (Winners of the 1987 Nobel Peace Prize) (Washington, DC: speaker on "Shattering Illusions: The Real Threats to Security in the Post Cold War World".

American Philosophical Association, Annual Meetings: Eastern Division(December 28, 2002) – detailed (15 minutes) discussant on "The Terror of 'Terrorism'".

2001:

Allied Social Sciences Association Annual Meetings (New Orleans: January 2001) - session chaired by Nobel Laureate Lawrence Klein, presented paper, "The Economics of Dangerous Military Technologies: Policy Implications for the New Administration"

Sechenov Moscow Medical Academy/International Physicians for the Prevention of Nuclear War Seminar (Moscow: 19-24 May 2001) - speaker on "Why Mistakes Happen: The Many Dimensions of Human Fallibility". Participated in meetings with Research Director of Federal Nuclear Center of Arzamas-16; Russian Minister of Nuclear Energy; Vice Minister of Russian Ministry for Civil Defense and Emergencies; and Deputy Chair of the Defence Committee of the Russian Duma.

National Meetings of Mensa (Dallas: 5 July 2001) - speaker on "It Can Happen Here: The Prospects for and Prevention of Technological Disaster in an Error-Prone World"

2000:

Allied Social Sciences Association Annual Meetings (Boston: 7-9 January 2000) - discussant in session "Peace Economics" of papers by French, Japanese, British and Israeli economists.

Swedish National Defense College/Svenska Läkare mot Kärnwapen International Conference on "Risks of Accidental War: The Human Factor" (Stockholm: 9-11 November 2000), speaker on "Why Mistakes Happen Even When the Stakes are High".

Middlesex University Business School Conference, "Arms, Conflict, Security and Development" (London: 16-18 June 2000), presented paper on "Military Expenditures, Security and Policy: An Economic Theoretical Perspective on the Implications of Dangerous Technologies".

Canadian Economics Association Annual Meetings (Vancouver, B.C.: 1-4 June 2000), presented paper on "When Costs Approach Infinity: An Economic Perspective on Dangerous Technologies".

1999:

Allied Social Sciences Association Annual Meetings (New York: 3-5 January 1999), chair and organizer, "Economic Inequality, Militarization and Democracy"; presenter on "Militarization, Economic Inequality and Democracy: the Cross-Connections"

International Conference on Peacekeeping, Demilitarization and Development in Africa (Villa Serbelloni, Bellagio, Italy: 7-11 June 1999), co-organizer (with Ali Mazrui) of the Conference, sponsored by the Rockefeller Foundation and the U.S. Institute of Peace; speaker on "Catalyzing Economic and Political Development: The Role of Demilitarization".

Third North Texas UN Conference on Women, "Advancing Women in the Next Millennium" (Dallas: 6-7 November 1999), (designated a major regional event by the U.S. President's Interagency Council on Women) speaker on "Implications of Demilitarization, Democracy and Development for Third World Women" and session chair.

1998:

Allied Social Sciences Association Annual Meetings (Chicago: 3-5 January 1998), session organizer "Demilitarization in Africa: Prospects, Obstacles and Opportunities" (also session speaker)

Middlesex University Business School Conference, "The Economics of Military Expenditures in Developing and Emerging Economies" (London: 13-14 March

1998), speaker, "Demilitarizing and Promoting Democracy and Prosperity in Africa"

Southwestern Social Science Association Annual Meetings (Corpus Christi, Texas: 18-21 March 1998), session chair, "Latin American and Mexican Studies"; and session discussant, "Revolutionary Movements and the International System"

Southern Methodist University, Amnesty International and the Dallas Center for the Survivors of Torture, Symposium on Torture (Dallas, Texas: 28 January 1998) - panelist speaking on the role of educators in opposing torture.

1997:

Zanzibar Parliamentarians Conference, "Democracy in Africa in the Post-Colonial Period and Zanzibar's Political Economic Development Prospects" (Zanzibar, Tanzania: 5-7 July 1997), presented paper "Democracy, Demilitarization and Development: Building Peace and Prosperity in Africa" (in absentia)

University of Texas at Dallas, Dallas United Nations Association Conference, "Advancing Women through Global Policy" (Richardson, Texas: 24-25 October 1997), workshop leader/speaker on "Militarism, Racism and Sexism"

1996:

Allied Social Sciences Association Annual Meetings (San Francisco: Jan 5-7, 1996) - panelist in session "U.S. Budget Proposals and Their Implications", with Murray Weidenbaum (Head of President's Council of Economic Advisors under Reagan), Robert Eisner (former President of American Economics Association, and Ann Markusen.

National Planning Association Symposium, "Foreign Aid: An Instrument of U.S. Leadership Abroad" (Dallas: Jan 25, 1996) - opening session panelist on "US Leadership and US Foreign Aid"

Global Green USA (affiliate of Green Cross International) National Conference, "Moving Toward Sustainable Base Conversion" (Presidio of San Francisco: Oct 3-4, 1996) workshop panelist on "Sustainable Base Conversion: Business and Community Development" (keynote speakers: Mikhail Gorbachev and Nobelist Oscar Arias)

1995:

Organization for Economic Cooperation and Development (Paris)/China Commission on Science, Technology and Industry for National Defense (Beijing) Conference, "The Conversion of China's Military Industries" (Beijing: June 26-27, 1995) - paper on "Economic Conversion: The US Experience and Its Relevance to the Conversion of China's Military Industries".

Allied Social Sciences Association Annual Meetings (Washington: Jan 6-8, 1995) -

presenter and panelist in session "Research, Teaching and Practice of Economic Conversion"

National Economic Conversion Alliance "Unity Summit on Economic Conversion and Demilitarization" (Albuquerque: Nov 16-19, 1995) speaker, "The 1996 Electoral Campaign and the Military Budget"

1994:

Allied Social Sciences Association Annual Meetings (Boston: January 2-4, 1993) - Chair, organizer and discussant of session "Conversion: Measures to Date and Future Directions"

Universite de Bretagne Occidentale International Colloquium "The Crisis of Arms Industries and Regional Development" (Brest, France: May 25-27, 1994) - presentation, "Military Industry Conversion in the U.S.: Where We Stand in the Mid-1990's"

1993:

Hong Kong Conference on International Cooperation to Promote Conversion from Military to Civilian Industry (Hong Kong: July 7-11, 1993) - plenary session panel speaker on "From Theory to Practice: Policies for Enabling Effective Conversion".

University of Grenoble International Colloquium "Economie de la Paix/ Economies en Paix" (Grenoble, France: May 6-7, 1993) - plenary speaker on "Peace and Economy" and "US Conversion".

Institute of Electrical and Electronic Engineers PACE Annual National Meetings (Portland, Oregon: September 4, 1993) - Luncheon speaker on "Engineering, Economic Conversion and International Competitiveness".

Los Alamos National Laboratories Conference "LANL 2000: The Role of the National Laboratory in the 21st Century" (Glorieta, New Mexico: August 20-22, 1993) - working group speaker and member, "The Lab's Role in National Economic Revitalization".

University of Notre Dame Conference "Economic Sanctions and International Relations" (South Bend, Indiana: April 2-4, 1993) - speaker on "The Future of Economic Sanctions".

Fifth Annual International Conference of the Society for the Advancement of Socio-Economics (New York: March 26-28, 1993) - plenary speaker on "Finding the Future: The Role of Economic Conversion in Shaping the 21st Century".

Institute of Electrical and Electronic Engineers (Ft. Worth Section) "Metrocon '93" Conference (Ft. Worth: Feb 13, 1993) - speaker on "The Power of Engineering: Social, Economic and Political Consequences of What Engineers Do".

1992:

Allied Social Sciences Association Annual Meetings (New Orleans: January 3-5, 1992) - Chair, organizer and discussant of session "Economic Conversion and Structural Economic Change".

United Nations Conference on Technology Assessment in Conversion for Development, Industry Focus 1: Aerospace Technology (Moscow: Oct.12-16,1992) - presented

paper, "Soaring Over the Great Divide: Policies and Perspectives for Successful Aerospace Conversion"; chaired two sessions "Country Case Studies in Conversion of Aerospace Companies (Russia, China, Brazil, India, Germany, USA).

United Nations Centre for Science & Technology for Development and Dortmund University Conference "Conversion: Opportunities for Development and Environment" (Dortmund, Germany: Feb.24-27,1992) - Official representative of Texas Governor Ann Richards, and chair of session on "Economic Perceptions".

University of Colorado (Boulder), Institute of Behavioral Science Conference "Long Term Consequences of the Persian Gulf War" (Boulder: October 8-11, 1992) - presented paper, "The Road Not Taken: the Hidden Costs of the Persian Gulf War".

1991:

Los Alamos National Laboratories/Trinity Forum et.al. Conference "Regional Economic Development and Diversification" (Santa Fe, NM: Nov.15-16, 1991)- plenary speaker, "Responding to a Vastly Changed World: Economic Revitalization and Redirected National Priorities"; panelist "The Role of Los Alamos National Labs in Northern New Mexico" (with Lab Director, the area Congressman and staff of both US Senators from New Mexico).

National Science Foundation/University of Arizona Conference "Engineers and Economic Conversion: Roles, Values and Attitudes" (Tucson: July 15-17, 1991) - paper "Macroeconomic and Political Structure of Economic Conversion".

National League of Cities Conference "Defense Cutbacks: What Do They Mean to Your Community" (Ft.Worth: June 7, 1991) - speaker.

Institute for International Security and Conflict Resolution, San Diego State University Seminar "Emerging New World System" (San Diego: Nov.23,1991)-security and economic interdependence

1990:

Allied Social Sciences Association Annual Meetings (Washington: December 27-30, 1990) - session discussant of papers by Nobel Laureate Kenneth Arrow, John Kenneth Galbraith and Stanislav Menshikov; organizer, chair and discussant of session "Economics and Demilitarization".

International Institute for Peace Conference on "Conceptual Approaches to Conversion" (Vienna: November 9-12, 1990) - presenting commissioned paper "Economic Conversion: From Vision to Reality" (participants from 15 nations).

University of Notre Dame International Institute for Peace Studies and Economists Against the Arms Race Conference on "Economic Issues of Disarmament" (South Bend: November 30 - December 1, 1990) - session organizer and presenter of "Policy Dimensions of Economic Conversion".

University of California (San Diego) Graduate School of International Relations and Pacific Studies and Institute for Global Conflict and Cooperation Forum on "Cutting the Defense

Budget: How Deep? How Fast?" (San Diego: May 3, 1990) - on panel with two former Reagan Administration Assistant Secretaries of Defense and President of Hughes Aircraft Corp.

University of Colorado (Denver) Institute for International Business Roundtable on Economic Conversion (Denver: June 11-12, 1990) - panelist with former commanding general at NORAD, Soviet Deputy Defense Minister, two former Reagan advisers, and the CEO's of Martin Marietta and Textron.

Huntsville Association of Technical Societies Technical and Business Exposition and Symposium (Huntsville, Alabama: May 15, 1990) - banquet speaker to military contractors and military industry engineers and scientists on "Military Cuts and the Challenge of the 1990's".

City of Irvine Roundtable on Economic Diversification (Irvine, California: February 26, 1990) - speaker on "The National Economy: Resource Utilization and Competitiveness, convened by the city council for representatives of major military firms, nonmilitary business, labor and community leaders.

Symposium on Defense Spending Reductions and Maine's Economic Future (Bath, Maine: October 13, 1990) - speaker on "Effects of Reduced Defense Spending on the National Economy"; others included the Chairman of Bath Iron Works (major military shipyard) and the President, Shipbuilder's Council of America.

1989:

Allied Social Sciences Associations Annual Meetings (Atlanta: December 27-30, 1989) - in three sessions: discussant in session with papers by Kenneth Arrow (Nobel Laureate), Murray Weidenbaum (former Chair of Council of Economic Advisors under Reagan) and Martin McGuire, co-discussant was Thomas Schelling (President of American Economics Ass'n); presenting paper on "Economic Power, Military Power and National Security; chair and organizer of session "Conversion in the US Economy in the Changing International Climate".

Moscow State Institute for Foreign Relations/University of California Institute on Global Conflict and Cooperation "East-West Seminar on Global Security" (Moscow: July 9- 22, 1989) - presentation on economic conversion.

United Nations Centre for Science and Technology for Development/Ebert Foundation Meeting of Experts on "Peace, Development and the Role of Science and Technology" (New York: September 27-28, 1989) - introductory presentation and leader of group on economic conversion developing recommendations for UN actions to be given to political leaders as input to their recommendations to the UN Secretary-General.

World Federation of Scientific Workers Symposium "Are Industrial Societies Feasible Without Armaments?" (Valkenburg, Netherlands: May 26-28, 1989) - speaker on problems and potential of economic conversion.

Pacific Institute for Resource Management/ Peace Movement Aotearoa Seminar "The ANZAC

Frigates: the Alternatives" (Wellington, New Zealand: January 21, 1989) - speaker on economics of warship purchase; other speakers included high ranking officials at the Ministry of Defense, Ministry of External Relations and Trade, and a Member of Parliament.

University of Minnesota, Humphrey Institute of Public Affairs (Minneapolis: May 9, 1989) - speaker at forum on "Military Production and the Minnesota Economy".

Physicians for Social Responsibility National Meeting "Redefining National Security" (Palo Alto, California: March 10-11, 1989) - speaker on panel "Health, Productivity and National Security: Moving from a Military to an Economic Perspective"; co-speaker, Kenneth Arrow (Nobel Laureate in Economics).

Stanley Foundation Quad City Conference on Peace and Security (Davenport, Iowa: March 4, 1989) - keynote address, "Peace and Prosperity: How Do We Get There?"

1988:

Allied Social Sciences Associations Annual Meetings (New York: December 28-30, 1988) - paper "Noncontributive Activity and Macroeconomic Analysis: Theoretical, Empirical, Methodological Issues" in "Nonproductive Labor in the Post World War II U.S. Economy" session of Union of Radical Political Economists.

University of California Institute on Global Conflict and Cooperation Conference on Economic Perspectives on Global Conflict and Cooperation (Laguna Beach, California: February 25-27, 1988) - invited as "outside expert" to conference for University of California economists, system-wide.

Annual Meeting of the American Public Health Association, Advance Session (Boston: Nov.12,1988)- speaker, "Preparing the Economy for Peace: The Genuine Security of a Healthy, Productive Nation"

University of Colorado (Boulder), Conference on "Hidden Dangers: The Environmental Consequences of Preparing for War" (Boulder, Colorado: Oct.6, 1988)- speaker, "The Economic Cost of Weapons"

Washington University, Department of Engineering and Policy and St. Louis Economic Conversion Project Conference on "Jobs and Weapons: Disconnecting Them" (Feb.20,1988)- speaker on "Impact of Military Production on the National and Local Economy".

1987:

Allied Social Sciences Association Annual Meetings (Chicago: December 28-30, 1987) - presenter of paper "The Theory of Resource Diversion: Some Empirical and Methodological Issues" in session on "Economics and Strategic Defense"; discussant in session "The Economics of the US-USSR Competition."

American Association for the Advancement of Science, Twelfth Annual Colloquium on R & D

Policy (Washington, D.C.: April 9-10, 1987) - speaker on "Military R & D, Technological Advance and Economic Competitiveness" in session "Defense R&D Budgets: Impacts on the Overall R & D system."

Union of Scientists for Disarmament (Italy) International Conference on "Technology, The Arms Race and Arms Control" (Castiglioncello, Italy: Sept. 25-30, 1987) - speaker on nonmilitary justifications for military R & D (other conference speakers included Sidney Drell, Richard Garwin, Theodore Taylor, John Holdren, Paul Bracken, Desmond Ball).

Swedish Professionals Against Nuclear Arms International Conference "From Arms Race to Disarmament" (Stockholm: Sept. 25-26, 1987) - speaker, "Turning Obstacles into Opportunities: Overcoming the Economic Damage of the Arms Race."

Physicians for Social Responsibility Annual Meeting "Informed Dissent: The Public's Right to Know in the Nuclear Age" (Chicago: March 11-15, 1987)- speaker on Strategic Defense Initiative and Advance of Medical and Other Civil Technology."

1986:

American Economics Association Annual Meetings (New Orleans: Dec. 28-29, 1986) - paper, "Macroeconomic Theory and the Great American Delusion", in session on "Military Expenditures and National Security" (other presenters include Mancur Olson, Martin Bailey); chair of session "Alliances and the Arms Trade."

American Association for the Advancement of Science, Pacific Division, Annual Meetings (Vancouver, British Columbia: June 8 -13, 1986)- panelist, "The Consequences of Nuclear Disarmament".

The Trinity Conference (Los Alamos, New Mexico: June 26-28, 1986) - panelist on "The Role of the Scientific Community in National Security", with the Associate Director, Los Alamos (Nuclear Weapons) Laboratories; the Director of Systems, Sandia (Nuclear Weapons) Laboratories; a senior scientist at Los Alamos Laboratories and a consultant to the laboratories.

United Nations Association/Federation of American Scientists et.al. Conference "Strategic Defense Initiative: Star Wars or Security?" (San Francisco Palace of Fine Arts: March 8, 1986) - Plenary speaker on "The Effect of SDI on the National and California Economy" (others included: Chief Scientist and Deputy Director, Strategic Defense Initiative Organization; and the Special Assistant to the President on Arms Control).

University of Washington Medical School/Physicians for Social Responsibility Symposium "The Medical Consequences of Star Wars" (Seattle: November 1, 1986) - Plenary speaker on "Star Wars: the Medical and Economic Impact"(others included William Colby, former CIA Director and Adm. Noel Gaylor, former Commander-In-Chief of the Pacific Fleet).

International Conference on "The Risk of Accidental War", University of British Columbia (Vancouver: May 26-30, 1986) - speaker on "Military Perspectives in Risk Evaluation."

International Association of Machinists and Aerospace Workers Briefing on the Military

Economy and Foreign Policy (Washington: March 27, 1986) - speaker on the economic consequences of sustained high military spending.
