LAB7 – Bipolar Junction Transistor Characteristics

INSTRUCTOR VERIFICATION SHEET

Student Name: ________________________________

Lab Partner(s): ________________________________

Station # ________________________________

Date: ________________________________

1. Use the test circuit configuration in Fig 4 to show $I_C - V_{CE}$ characteristics and Table 1.

   __________________________________________
   Instructor Verification

2. Show imported $I_C - V_{CE}$ characteristics into an Excel spreadsheet and estimated Early voltage.
