Grace Series Talk

Grace Series Talks are Female Empowerment Talks for Grad and Undergrad Students in Computer Science and Software Engineering.

"The Path and the Features"
By: Dr. I-Ling Yen

Dr. I-Ling Yen is a Professor of the Computer Science Department at the University of Texas at Dallas. She received her BS degree from Tsing-Hua University, Taiwan, and her MS and PhD degrees from the University of Houston. Her research interests include Service-Oriented Computing, Cloud Computing, Dependable Distributed Systems, and High Assurance Systems. Many of her research works have significant impact to the computer science field. She had published over 200 technical papers and received many research awards from NSF, DOD, NASA, and several industry companies. Dr. Yen has served as the Program Chair, General Chair, as well as program committee member for many conferences. Currently she is on the editorial boards of IEEE Transaction on Service Computing and International Journal on Artificial Intelligence Tools.
