My Family
My wife (since 1969) is the talented Beverley Ruth (Shapiro) Lewin. She is a social worker and a preschool teacher. As a social worker she works in the business of placing children for adoptions. As a preschool teacher she teaches very young children (ages 18 months to 3 years) at the school where all our children have attended, **Solomon Schechter Academy of Dallas (now Levine Academy)**. (We are part of a small group of interested parents who helped found the school in 1979.) She has been teaching there since the beginning and pioneered the first "Mommy and Me" class at the school, one of the first in the country. She is an exercise nut (unlike her lazy husband).

Dan is married to Vanessa Kohn and lives in Dallas with their six children, Menachem (2003) and Meir (2005) Dovber (2007), Yitzhak (2009), Schmuel (2010) and Yehoshua (2013). They have a learning center. Dan spent a year studying in yeshiva in Israel and then three years in the New York area, and one in Paris, continuing his rabbinical studies. After receiving his rabbinical ordination he pursued post rabbinical teaching and studying in NJ. He received his BA from UT Austin, and a rabbinical ordination from a rabbinical school in Israel. Vanessa is an attorney by training (French law – studied in Paris and graduated with honors) and is now a mother and teacher.

Andy graduated from UT in Austin in psychology (with a minor in business foundations) and with a masters in Social Work from UT Arlington. She is the mother of twins Mia and Zoe (November 2007) and of Emily (2013) She works in the Dallas area as a social worker and school counselor. She is married to Jonathan Blum (1975) who hails from Corpus Christi. He is currently working for the Mort Myerson Foundation. Jonathan was recently recognized as the Dallas Pro Bono attorney of the year – out of some 4,000 practicing attorneys.

Shiralee is a graduate of Greenhill High School and is a recent graduate of Indiana University, Bloomington, majoring in apparel merchandising. She is our free spirit - artistic, creative and independent. She currently lives and works in New York city in the diamond industry.

Gabbi keeps us young. She is a graduate of **Yavneh Academy**. She participated in many extracurricular activities including **HELP** (Helping People Live Peacefully – which she co-founded), mock trial and other stuff. After graduating high school, she participated in a year course in Israel studying, touring and volunteering. She is a graduate of NYU (Maters in Public Administration, 2013).

I have two brothers, one lives in Manchester and is a dentist. The other lives in Washington D.C. and is an economist (imagine) working, until recently, for the World Bank. He is now a professor at an east coast liberal-arts College.

Beverley has two brothers and a sister, all still living in South Africa.

Here are some pictures.
