Graduate Assistantship Available

I’m looking for Ph.D. students to work in the area of analog and mixed-signal integrated circuits at the University of Texas at Dallas with full support of assistantship. Students with analog circuit background are highly preferred. If interested, please send the following material to hoilee@utdallas.edu:

1. Undergraduate and graduate transcript
2. Resume including education, employment history, project experience, etc.
3. Personal statement
4. TOEFEL scores: Sections 1, 2, and 3
5. GRE scores: V, Q, and A
6. Reference letters if available
