TurningPoint 5 Clicker Training: Student Registration

Student Clicker Registration Process

1. Go into your section in eLearning.

2. In the tool list, select “Clicker Registration”.

![Clicker Registration Process Image]
3. Select “ResponseCard”

4. Type in your Response Device ID (located on the back of your clicker).

5. Select “Register”

1. You will receive confirmation that your clicker has been successfully registered. Click “OK”.
2. In class, your instructor will ask you to match the frequency of your clicker with their receiver. To do this, press the channel button (lower left of the clicker), the number your instructor tells you, then the channel button again.
