Instructors: TA Selection Guidelines:

You have already received your personalized URL link. The following provides guidelines for instructors selecting TAs and skills required for their courses.

**How to Access your URL link from OFF-CAMPUS**

If you access your personalized link from OFF-CAMPUS, you must get on UTD VPN first. UTD vpn can be accessed through the web link of your web browser as

utdvpn.utdallas.edu

You need to **type in your UTD netid and password** to establish a link between your off-campus computer and the school server. When VPN is established, you should be able to access your personalized URL link. Please **use Google Chrome, Internet Explorer or Safari** as your web browser.

Also, please note that do NOT be concerned if the prefix of your course is not correct. This is due to the limitation of our scheduler software.
