ACTS 4302 SYLLABUS.  PRINCIPLES OF ACTUARIAL MODELS: MFE SEGMENT. FALL 2010

ACTS 4302
Principles of Actuarial Models
Financial Economics Segment

BRIEF DESCRIPTION: This 3 semester hour course covers actuarial models including interest rate models, rational valuation of derivative securities, mathematical and probabilistic foundation of risk management. This class covers parts of CAS exam 3F and SOA exam MFE. Prerequisite: STAT 4351, STAT 4382 and BA 4346, or consent of instructor. The class meets on T/TH 7:00 PM – 8:15 PM in room FO 2.404

INSTRUCTOR: Natalia A. Humphreys
Office: FO 2.402E Tel. (972) 883-6597
E-mail: Natalia.humphreys@utdallas.edu
Webpage: http://www.utdallas.edu/~natalia.humphreys/
ELearning tool: https://elearning.utdallas.edu/webct/entryPageIns.doweckt

Office Hours: T/TH 6:00-7:00 p.m., or by appointment.

ANSWERS: Derivatives Markets: Student Solutions Manual, Addison-Wesley, 2002, Robert L. McDonald and Mark Cassano, Rüdiger Fahlenbrach

MATERIAL COVERED:

<table>
<thead>
<tr>
<th>Chapter</th>
<th>Name</th>
<th>Include(s)</th>
<th>Exclude(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9</td>
<td>Parity and other option relationships</td>
<td>Sec. 9.1-9.3</td>
<td>Options on commodities (p. 334)</td>
</tr>
<tr>
<td>10</td>
<td>Binomial option pricing I</td>
<td>Sec. 10.1-10.5</td>
<td></td>
</tr>
<tr>
<td>11</td>
<td>Binomial option pricing II</td>
<td>Sec. 11.1-11.4, Appendices 11.A and 11.B</td>
<td></td>
</tr>
<tr>
<td>12</td>
<td>The Black-Scholes formula</td>
<td>Sec. 12.1-12.5, Appendix 12.A</td>
<td></td>
</tr>
<tr>
<td>14</td>
<td>Exotic Options I</td>
<td>14.1-14.6</td>
<td></td>

<tr>
<td>20</td>
<td>Brownian Motion and Itô's Lemma</td>
<td>Sec. 20.1-20.6</td>
<td>Multivariate Itô's lemma (pp. 665-666), Valuing a claim on SaQb (pp. 670-672), Finding the lease rate (p. 669)</td>
</tr>
</tbody>
</table>
21 The Black-Scholes equation Sec. 21.1-21.3
What if the underlying asset is not an investment asset (pp. 688-690), The backward equation (pp. 691-692), If a probability… (p. 692)

22 Exotic Options II Sec. 22.1

23 Volatility Sec. 23.1-23.2

24 Interest Rate Models Sec. 24.1-24.5 Forward rate agreements (pp. 806-808)

Appendix B.1 The language of interest rates
Appendix C Jensen's inequality

General Note: Unless otherwise states chapter appendices are not included in the required readings from this text

USEFUL LINKS:
http://www.soa.org/education/exam-req/edu-asa-req.aspx (MFE Exam information)

GRADING: The course grade will be based on homework, midterm and final exams as follows:
Homeworks: 70%, Midterm: 15%, Final Exam: 15%
Assignments should be submitted by due date specified in class.
CALCULATORS: In order to simulate an actuarial exam conditions, an SOA approved exam calculator is recommended: the battery or solar–powered Texas Instruments BA–35 model calculator, the BA II Plus*, the BA II Plus Professional*, the TI–30Xa or TI–30X II* (IIS solar or IIB battery), or TI-30X MultiView (XS Solar or XB Battery).
For additional information please see:

Please note: the instructor reserves the right to make changes to this syllabus

GENERAL RULES:

Student Conduct & Discipline
The University of Texas System and The University of Texas at Dallas have rules and regulations for the orderly and efficient conduct of their business. It is the responsibility of each student and each student organization to be knowledgeable about the rules and regulations which govern student conduct and activities. General information on student conduct and discipline is contained in the UTD printed publication, A to Z Guide, which is provided to all registered students each academic year.

The University of Texas at Dallas administers student discipline within the procedures of recognized and established due process. Procedures are defined and described in the Rules and Regulations, Series 50000, Board of Regents, The University of Texas System, and in Title V, Rules on Student Services and Activities.
of the university’s *Handbook of Operating Procedures*. Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and regulations (SU 1.602, 972/883-6391) and online at [http://www.utdallas.edu/judicialaffairs/UTDJudicialAffairs-HOPV.html](http://www.utdallas.edu/judicialaffairs/UTDJudicialAffairs-HOPV.html).

A student at the university neither loses the rights nor escapes the responsibilities of citizenship. He or she is expected to obey federal, state, and local laws as well as the Regents’ Rules, university regulations, and administrative rules. Students are subject to discipline for violating the standards of conduct whether such conduct takes place on or off campus, or whether civil or criminal penalties are also imposed for such conduct.

**Academic Integrity**

The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrate a high standard of individual honor in his or her scholastic work.

Scholastic Dishonesty, any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

Plagiarism, especially from the web, from portions of papers for other classes, and from any other source is unacceptable and will be dealt with under the university’s policy on plagiarism (see general catalog for details). This course will use the resources of turnitin.com, which searches the web for possible plagiarism and is over 90% effective.

**Copyright Notice**

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials, including music and software. Copying, displaying, reproducing, or distributing copyrighted works may infringe the copyright owner’s rights and such infringement is subject to appropriate disciplinary action as well as criminal penalties provided by federal law. Usage of such material is only appropriate when that usage constitutes “fair use” under the Copyright Act. As a UT Dallas student, you are required to follow the institution’s copyright policy (Policy Memorandum 84-I.3-46). For more information about the fair use exemption, see [http://www.utsystem.edu/ogc/intellectualproperty/copypol2.htm](http://www.utsystem.edu/ogc/intellectualproperty/copypol2.htm).

**Email Use**

The University of Texas at Dallas recognizes the value and efficiency of communication between faculty/staff and students through electronic mail. At the same time, email raises some issues concerning security and the identity of each individual in an email exchange. The University encourages all official student email correspondence be sent only to a student’s U.T. Dallas email address and that faculty and staff consider email from students official only if it originates from a UTD student account. This allows the university to maintain a high degree of confidence in the identity of all individual corresponding and the security of the transmitted information. UTD furnishes each student with a free email account that is to be used in all communication with university personnel. The Department of Information Resources at U.T. Dallas provides a method for students to have their U.T. Dallas mail forwarded to other accounts.
Withdrawal from Class

The administration of this institution has set deadlines for withdrawal of any college-level courses. These dates and times are published in that semester's course catalog. Administration procedures must be followed. It is the student's responsibility to handle withdrawal requirements from any class. In other words, I cannot drop or withdraw any student. You must do the proper paperwork to ensure that you will not receive a final grade of "F" in a course if you choose not to attend the class once you are enrolled.

Student Grievance Procedures

Procedures for student grievances are found in Title V, Rules on Student Services and Activities, of the university's Handbook of Operating Procedures.

In attempting to resolve any student grievance regarding grades, evaluations, or other fulfillments of academic responsibility, it is the obligation of the student first to make a serious effort to resolve the matter with the instructor, supervisor, administrator, or committee with whom the grievance originates (hereafter called “the respondent”). Individual faculty members retain primary responsibility for assigning grades and evaluations. If the matter cannot be resolved at that level, the grievance must be submitted in writing to the respondent with a copy of the respondent’s School Dean. If the matter is not resolved by the written response provided by the respondent, the student may submit a written appeal to the School Dean. If the grievance is not resolved by the School Dean’s decision, the student may make a written appeal to the Dean of Graduate or Undergraduate Education, and the deal will appoint and convene an Academic Appeals Panel. The decision of the Academic Appeals Panel is final. The results of the academic appeals process will be distributed to all involved parties.

Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and regulations.

Incomplete Grade Policy

As per university policy, incomplete grades will be granted only for work unavoidably missed at the semester’s end and only if 70% of the course work has been completed. An incomplete grade must be resolved within eight (8) weeks from the first day of the subsequent long semester. If the required work to complete the course and to remove the incomplete grade is not submitted by the specified deadline, the incomplete grade is changed automatically to a grade of F.

Disability Services

The goal of Disability Services is to provide students with disabilities equal educational opportunities. Disability Services provides students with a documented letter to present to the faculty members to verify that the student has a disability and needs accommodations. This letter should be presented to the instructor in each course at the beginning of the semester and accommodations needed should be discussed at that time. It is the student’s responsibility to notify his or her professors of the need for accommodation. If accommodations are granted for testing accommodations, the student should remind the instructor five days before the exam of any testing accommodations that will be needed. Disability Services is located in Room 1.610 in the Student Union. Office hours are Monday – Thursday, 8:30 a.m. to 6:30 p.m., and Friday 8:30 a.m. to 5:00 p.m. You may reach Disability Services at (972) 883-2098.

Guidelines for documentation are located on the Disability Services website at http://www.utdallas.edu/disability/documentation/index.html
Religious Holy Days

The University of Texas at Dallas will excuse a student from class or other required activities for the travel to and observance of a religious holy day for a religion whose places of worship are exempt from property tax under Section 11.20, Tax Code, Texas Code Annotated.

The student is encouraged to notify the instructor or activity sponsor as soon as possible regarding the absence, preferably in advance of the assignment. The student, so excused, will be allowed to take the exam or complete the assignment within a reasonable time after the absence: a period equal to the length of the absence, up to a maximum of one week. A student who notifies the instructor and completes any missed exam or assignment may not be penalized for the absence. A student who fails to complete the exam or assignment within the prescribed period may receive a failing grade for that exam or assignment.

If a student or an instructor disagrees about the nature of the absence [i.e., for the purpose of observing a religious holy day] or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the chief executive officer of the institution, or his or her designee. The chief executive officer or designee must take into account the legislative intent of TEC 51.911(b), and the student and instructor will abide by the decision of the chief executive officer or designee.
