

Qualifying Thesis Committee Membership Form
_____ Ph.D. Program

Instructions: Work with your Research Advisor to identify a research question and to develop a pre-proposal for the thesis. This pre-proposal (2-3 pages in abstract form) will provide an overview of the proposed research area and specific research question. Consult with the research advisor to identify two other faculty committee members. Provide a copy of the pre-proposal to the committee members and invite them to serve on the committee. Contact these faculty members several weeks in advance of the deadline so that there is sufficient time for faculty to review the pre-proposal and discuss it with you. Faculty members agreeing to serve on the Qualifying Thesis Committee will then sign this form. Submit a copy of the pre-proposal and this completed and signed form to the Academic Support Coordinator by February 1 of the first year of study.

Student Name: _____ **ID #** _____

Date Submitted to the Academic Support Coordinator: _____

Proposed Title of Qualifying Thesis:

Primary Faculty Sponsor: _____

I have agreed to supervise this student's qualifying thesis.

Primary Sponsor signature
