

Qualifying Thesis PROPOSAL Approval Form
_____ Ph.D. Program

Instructions: Submit a full draft of your Thesis Proposal to the Qualifying Thesis Committee by August 1 of the first year of study. The proposal should be written in journal format, and it should include complete Introduction and Methods sections, as well as an overview of the statistical analyses. It may also include hypothesized results and significance of the results. Submit the final copy of the proposal and the signed approval form to the Academic Support Coordinator by October 1 of the second year of study.
