Dear Pradipta Ray,

Thank you for contacting us for copyright permission of KEGG.

Permission is granted to Pain to publish the following KEGG pathway map image in the article "Comparative transcriptome profiling of the human and mouse dorsal root ganglia:" written by Pradipta Ray, Theodore Price and colleagues:

- Neurotrophin signaling pathway (map04722)  
subject to the condition that the original source is acknowledged by citing at least one KEGG paper.

Please see the list of KEGG papers in <http://www.kegg.jp/kegg/kegg1.html>

Sincerely,  
Miwako Karikomi  
Kanehisa Laboratories
