

### What is Speech Buddies?

Speech Buddies is a six-week group program designed to improve intelligibility in children ages 3 to 6 years. Participants learn by doing, talking and exploring in an interactive learning environment that is communication based, activity specific and speech based.

Individual goals are addressed for children who have difficulty being understood due to speech. Students may have the following diagnosis: apraxia, severe articulation disorders or phonological disorders.

Speech Buddies is led by a licensed speech-language pathologist with the support of graduate student clinicians.

### Speech Buddies Targets:
