

Pamela Rosenthal Rollins, M.S., Ed.D.
Curriculum Vita
(Fall, 2006)

Address

UTD/Callier Center for Communication Disorders (214) 883-3153
1966 Inwood Rd., Dallas, TX 75235 rollins@utdallas.edu
<http://www.utdallas.edu/~rollins>

Educational History

Doctor of Education, June 1994
Harvard Graduate School of Education, Human Development and Psychology
Thesis: A Case Study of the Development of Language and Communication Skills for Six Children with Autism
Advisor: Catherine E. Snow

Master of Science, December 1983
University of Wisconsin - Madison, Communication Disorders

Bachelor of Science Cum Laude, May 1981
Boston University, Speech Pathology and Audiology

Employment History

Special Faculty Appointment, January, 2006 – present
Southwestern Medical School

Director, Early Services for Children with Autism Spectrum Disorders, September 2003 - present
University of Texas-Dallas, Callier Center for Communicative Disorders

Associate Professor (with tenure) School of Behavior and Brain Sciences, September 2000 - present
University of Texas-Dallas, Callier Center for Communicative Disorders

Assistant Professor of Communicative Disorders, September 1994 - June, 2000
University of Texas - Dallas, Callier Center for Communicative Disorders

Research Assistant, January 1988 - June 1994
Harvard Graduate School of Education, Cambridge, MA

Speech/Language Pathologist, June 1990 - April 1994
Braintree Hospital Pediatric Center, Braintree, MA

Teaching Fellow, January 1989 - June 1990
Harvard Graduate School of Education, Cambridge, MA

Speech/Language Pathologist, September 1985 - September 1987
Brighton Early Intervention Program, Brighton, MA

Speech/Language Pathologist, March 1984 - September 1985
Emma Pendleton Bradley Hospital, Providence, RI

Professional Recognition/Honors

Appointment, Texas Council on Autism and PDD, 2008-2010
Faculty Development Leave, Spring 2005
Callier Scholar, 2004-2005
Callier Scholar, 2001-2002
American Speech and Hearing Foundation First Investigator Award, 1995
Qualifying paper passed with distinction, Harvard University, 1990

Certifications and Licenses

Certificate of Clinical Competence, American Speech-Language-Hearing Association, 1984 – present

Licensed Speech-Language Pathologist, TX State Board of Examiners for Speech-Language Pathology and Audiology

Professional Affiliations

Member, American Speech-Language-Hearing Association

Member, Texas Speech-Language-Hearing Association

Member, International Society for Infant Studies

Member, International Congress for Child Language

Invited Symposia and Colloquia Presentations

1. The Ins and Outs of Qualifying Pervasive Developmental Disorders (PDD). Individuals with Disabilities Education Act in Texas. Lorman Educational Services. Fort Worth, TX (2003).

1. Discussant for symposium on Autism, Society for Research and Child Language and the International Association in Child Language, Madison WI. July 2002
2. How to Use TALKBANK, with Brian MacWhinney, Society for Research and Child Language and the International Association in Child Language, Madison WI. July 2002
3. Pragmatics, The development of communication in persons with congenital deafblindness (Part 2): Co-construction of shared meaning and the development of first vocabularies, Paris, France. April, 1999.
4. Pragmatics in early interaction and beginning of language, Waisman Center Mental Retardation Core Seminar Series, University of Wisconsin - Madison. October, 1998.
5. Pragmatics in early interaction and beginning of language, Expert Seminar on the Emergence of first representation, symbol formation, and first use of language in persons with congenital deafblindness. Paris, France. April, 1998.
6. The CHILDES database: A users perspective. BRAIN MAP '94: Database development in brain and behavior, San Antonio, TX. December, 1994.

Invited Talks to Professional and Parent Meetings

1. Shared Attention: Relationship with language development, parent and teacher in service, Chases Place, Richardson TX. August 2006.
2. Social Communication in infancy and children with autism. Two-day teacher and paraprofessional in service. Children's Annex, Kingston, N.Y. March, 2006.
3. Intervention technique for children with Autistic Spectrum Disorders. Waisman Center for Mental Retardation, teacher in service. University of Wisconsin - Madison. October, 1998.
4. Pathways to emergent literacy: Nonimmediate language. Callier Center Preschool Staff Development, Dallas, TX. September 1998.
5. Nonimmediate language in the classroom. Callier Center Preschool Staff Development, Dallas, TX. April, 1998.
6. Inservice on autism, Callier Center Speech Language Pathologists, Dallas, TX. Spring, 1998.
7. Assessing play skills in children, Callier Center Speech Language Pathologists, Dallas, TX. Fall, 1996.
8. Augmentative communication for children with autism, Denton Chapter, Autism Society of America, Denton, TX. February 1996.
9. Understanding your child's communication skills, Dallas Chapter, Autism Society of America, Dallas, TX. October 1995.
10. Understanding Play, Texas Region 10 Conference, October 1995.
11. Autism and pervasive developmental disorders, Speech and Hearing Group of the Washington D.C. Metropolitan Area. December, 1993.
12. MLU and other Clan basics. CHILDES 91 Workshop, Harvard Graduate School of Education, Cambridge, MA. November, 1991.
13. Communication skills in autistic children, The Ulster County Chapter, National Society for Autistic Children, Kingston, N.Y. November, 1985.

14. Speech and language needs of multihandicapped and autistic children. Children's Annex, Kingston, N.Y. November, 1985.
15. Augmentative communication for children in sensorimotor stages I-V, Speech Hearing and Language Center, Morton Hospital, Taunton, MA. November, 1984.

External and Internal Funding for Original Investigation

1. An event related potentials study of the effects of bimodal language intervention on auditory processing and language skills in children with autism, Submitted 1/2006, (Dr. Maguire, co-investigator).
2. Cerebellar Anatomic and Functional Connectivity in Autism Spectrum Disorders. Submitted to NIH, 3/2006, 627,000. (Co-investigator; Dr. G. Allen, Principle Investigator).
3. "DV Format Data Collection". Callier Center Grant, 9/01-9/02, \$3800.
4. The social bases of communication: A longitudinal study. Timberlawn Foundation, 11/98-11/00, \$11,650 (Drs. M. Spence, V. Marchman, co-investigators).
5. The UTD Human Development Language and Communication Data Base, Faculty Research Initiative Award, UTD School of Human Development, 1/99-12/99, \$3600 (Dr. V. Marchman, co-investigator).
6. The UTD Human Development Language and Communication Data Base, Faculty Research Initiative Award, UTD School of Human Development, 1/98-12/98, \$3600 (Drs. V. Marchman, M. Spence, co-investigators).
7. The relationship between language use and the development of language and literacy skills in deaf and hearing children. Callier Center Excellence in Education Grant, 9/1/97-8/98, \$16,000.
8. Natural language as an approach to software generation. Texas Instruments, 10/97-10/98, \$50,000 (Dr. W. Katz, co-investigator).
9. The UTD Human Development Language and Communication Data Base, Faculty Research Initiative Award, UTD School of Human Development, 1/97-12/98, \$3612 (Dr. V. Marchman, co-investigator).
10. The development of simultaneous communication (SC) by young hearing and deaf children. Callier Center Grant, 8/97-8/97, \$8000 (Dr. E. Dromi, co-investigator).
11. Understanding form-function relationships in children with Autistic Spectrum Disorders: A longitudinal perspective. American Speech and Hearing Foundation's Competition for New Investigators, 1/95-12/95, \$4000.
12. Differentiating Autistic Spectrum Disorders from Developmental Learning Disorders. Faculty Research Initiative Award, UTD School of Human Development, 1/95-12/95, \$1000 (Dr. T. Nezworski, co-investigator).
13. The development of simultaneous communication (SC) by young hearing and deaf children. Faculty Research Initiative Award, UTD School of Human Development, 1/95-12/95, \$1000 (Dr. E. Dromi, co-investigator).
