

MORE THAN JUST SMART

UTDesign
THE JONSSON
SCHOOL

The University of Texas at Dallas

Passion, creativity and having the imagination to dream big are what take smart to a whole new level.

Times Higher Education ranks UT Dallas in their list of colleges under 50 years of age.

Imagine what it is like to learn and perform research with peers who have all those qualities and enjoy collaborating in an atmosphere that encourages risk and rewards innovation.

- UT Dallas attracts some of the most academically high-achieving students. Our average SAT scores are among the highest of Texas public universities.
- Last year 119 National Merit Scholars entered our freshman class.
- *Times Higher Education* ranks our University as #1 in the nation and #21 worldwide among the top 200 universities under 50 years of age.

Explore Your Opportunities

You'll have a selection of more than 50 undergraduate academic programs to explore at UT Dallas — business, biomedical engineering, arts and technology, neuroscience and healthcare studies to name just a few. Research opportunities can include nanotechnology, robotics or brain plasticity.

If you've already set a career goal, UT Dallas has internship opportunities and numerous pre-professional and fast-track programs to aim you in the right direction. Our Health Professions and Pre-Law Advising Centers can assist you with making informed decisions preparing for professions in health care or law, and our Career Center can help you jumpstart your career with job fairs, resume assistance and interview training.

Keeping up with rigorous academics sometimes requires a little help from fellow students or faculty. Our Student Success Center provides individual tutoring, peer-led team learning, supplemental instruction, coordinated group study and numerous resources to assist you in achieving your academic goals.

Beyond UT Dallas

A degree from UT Dallas is not just an education; it's an investment in your future.
