djgattenby@torchmarkcorp.com
Actuarial Intern
Globe Life Insurance
2700 S. Stonebridge Drive
McKinney, TX

Job Summary
The position will be a member of the Torchmark/Globe Life Actuarial Department; responsible for actuarial support of modeling, financial reporting and valuation, analytics or pricing. Specific duties range from experience studies to working with actuarial valuation systems. The product scope is fairly broad including traditional life, universal life, interest-sensitive life, fixed annuities, Medical Supplement and a range of limited benefit health products.

Primary duties & responsibilities consist of:
- Using database query tools to access, summarize and evaluate data and report findings
- Streamlining and automating of monthly processes such as data extractions and ledger reconciliations
- Providing support for ad hoc analysis

Knowledge, Skills & Abilities:
- Demonstrated mathematical ability required
- Basic computer skills in Excel
- Basic computer skills in SQL preferred but not required
- Effective oral and written communication skills
- Ability to work well in a team-based environment

Education & Work Experience:
- 3 years towards a Bachelor’s degree in Actuarial, Mathematics or related field required

Physical Requirements:
- Office work only
- Work at desk using a computer
- Attend meetings as required
- Office facilities are handicap compliant
