

# Schedule Planner

## Validating Registration

When preparing for registration, Schedule Planner will enable you to check if your registration will be successful prior to your registration appointment.

To do so, once you have selected your desired schedule, click on the Validate box.

If you receive the following message then your registration should go through successfully.

 Validation Results

You should have no problem registering for this course:

**ACCT-6301, 0W1**

Remember, you are **not** registered for this course. Validating your schedule just checks to make sure you will be able to successfully register when your registration windows opens.

Ok

## If you receive a warning message, you may need to seek assistance from your advisor for registration.

### ⚠ Validation Results
