P-listed chemical waste should be marked with a green dot, provided by Lab Safety.

LABORATORY WASTE INFO

Collect empty containers of P-listed chemicals separately and submit for waste pickup.

DO NOT triple rinse empty containers of P-listed chemicals.

Do not remove barcodes from P-listed chemical containers. Lab Safety will remove the container from your ChemTracker inventory once picked up.

You can locate a list of all P-listed chemicals here: https://research.utdallas.edu/waste
