Virtual Parking Permits and LPR

UT Dallas is now utilizing virtual permits for all parking options on campus. This system utilizes License Plate Recognition (LPR) and will identify your vehicle by its license plate. This system removes the need for physical stickers and allows all permit holders to easily add and maintain vehicles on their accounts.

- License Plate Recognition (LPR) is camera-based technology that quickly scans multiple vehicle license plates. This technology allows us to transition to virtual permits by allowing a vehicle’s license plate to serve in place of a physical permit.
- Virtual permits eliminate the need to move a physical permit from one vehicle to another.
- Five (5) vehicles may be registered to a single permit, however only one car may be parked on campus at any given time.
- It is imperative that your vehicles are kept up to date in your parking account to help avoid citations. If your license plate has changed or you drive a new vehicle, you will need to add it to your parking account and link your permit in order to remain compliant.

How to Buy Your Permit

Permits may be purchased via credit or debit card only. Permits are sold:
- Online at: utdallas.edu/myparking
- In-person at Parking and Transportation Office located in Parking Structure 3 (PS3 1.200).

Refunds

- Students who leave UT Dallas prior to the Spring Census Date are eligible for a prorated refund.
- Faculty or Staff members who will no longer be parking a vehicle on campus may request a prorated refund.

Citations

Parking citations can be issued to vehicles violating parking rules and regulations. Citations can be paid online through the My Parking website (udallas.edu/myparking) or in person at the Parking and Transportation office (PS3 1.200). Payment is only accepted through a credit or debit card.

- For citations that are not paid within 14 days of being issued, a $10 late fee will be added to the citation. Another $10 late fee will be added every month after that until the citation is paid without exceeding $40 in late fees per citation.
- Students with unpaid citations will not be able to register for classes and their transcripts will not be released.
- Faculty and staff with unpaid citations will have their records marked and their parking permit revoked; any remunerations owed them when they separate from the University will be blocked.
- UT Dallas utilizes vehicle immobilization for serious offenses and habitual offenders. A list of guidelines for vehicle impoundment may be found online.
