## Verification of a Physical or Medical Disability

**To the Student:** **THIS FORM MUST BE COMPLETED BY YOUR CLINICIAN ONLY.** The Office of Student AccessAbility (OSA) reserves the right to request additional documentation or contact your clinician for additional information. If this form is completed by anyone other than a qualified licensed professional, the information will not be used to support your accommodation request. Inaccurate and incomplete documentation may result in a delay in your request for services. **Please note that this form may not be used as documentation for a learning disability or ADD/ADHD. Please sign in the box below giving your health-care provider authorization to release information to OSA.**

I, \_\_\_\_\_, authorize my health-care provider to release to OSA  
(Print Student's Name)

the medical information requested on this form for the purpose of determining appropriate accommodations for my permanent or temporary disability while a student at The University of Texas at Dallas.

Signature of patient: \_\_\_\_\_ Date: \_\_\_\_\_  
(Student's Signature)

**To the Evaluator:** The student whose name appears below has applied for academic accommodations with the Office of Student AccessAbility at The University of Texas at Dallas. In order for OSA to determine his/her eligibility for services, we need your clinical assessment/diagnosis of this student. Please take the time to carefully complete this form and answer all questions. You may fax us a copy, but our records must include an original with your signature and business card. We cannot accept substitutions for this form but you may provide supplemental information on official letterhead. Feel free to contact us with any questions or concerns you may have. All information provided to us is confidential. We also may contact you directly for supplemental information to make a determination. Thank you for your assistance.

Is the patient currently under your care?    No     Yes     If yes, for how long?  
\_\_\_\_\_

What is the diagnosis/impairment/condition? (Please describe and use ICD 10 diagnostic codes)\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Date of Onset: \_\_\_/\_\_\_/\_\_\_\_    When did you last see the patient/student? \_\_\_/\_\_\_/\_\_\_\_

**Major Life Activities Assessment**

Please check and indicate the level of limitation the **major life activities** listed below which are affected in a learning environment because of an impairment/condition. Note: If retesting was completed to diagnose the condition, please attach any supporting information, e.g., neurological or psycho-educational test reports, etc.

| <b><u>Life Activity Limitation Severity (Check 1-3)</u></b>                                     | <b><u>1 – Negligible</u></b><br>✓ | <b><u>2 – Moderate</u></b><br>✓ | <b><u>3 – Substantial</u></b><br>✓ |
|---|-----------------------------------|---------------------------------|------------------------------------|
| Speaking  |                                   |                                 |                                    |
| Walking   |                                   |                                 |                                    |
| Breathing   |                                   |                                 |                                    |
| Standing  |                                   |                                 |                                    |
| Reaching  |                                   |                                 |                                    |
| Lifting   |                                   |                                 |                                    |
| Caring for oneself  |                                   |                                 |                                    |
| Performing manual tasks   |                                   |                                 |                                    |
| Sleeping as it relates to the medical condition you are treating (e.g. due to seizure activity) |                                   |                                 |                                    |
| Concentrating as it relates to medical condition you are treating                               |                                   |                                 |                                    |
| Other:  |                                   |                                 |                                    |

What are the specific functional limitations resulting from the impairment’s impact on the major life activities in a learning environment (e.g. unable to sit for long periods of time; may miss class due to side effects from the condition or medication; unable to handle stairs and inclines)? \_\_\_\_\_
